Schedule M for line 23 - Alternate Adjusted Gross Income Tax Calculation

Use this schedule to attribute income subject to a reduced tax rate that is derived from sources both within and outside a Qualified Military Base Enhancement Area (MBEA) in Indiana. Calculate tax due on total Indiana taxable income.

To be eligible for the tax rate of 5%, the corporation must locate all or part of its operations in a qualified MBEA. A gualified area means:

- (1) A military base (as defined in IC 36-7-30-1(c));
- (2) A military base reuse area established under IC 36-7-30;
- (3) The part of an economic development area established under IC 36-7-14.5-12.5 that is or formerly was a military base (as defined in IC 36-7-30-1(c));
- (4) A military base recovery site designated under IC 6-3.1-11.5; or
- (5) A qualified MBEA(s) established under IC 36-7-34, located in Indiana.

Fir:	irst Tax Year of Application: (The alternate tax rate application applies to the taxable year in which the corporation ocates or expands its operations in the qualified area and to the next succeeding four taxable years.)

Carry grand total from line 6 to line 23 of Form IT-20. Check box on line 23 for alternate tax rate calculation and enclose a complete copy of this schedule with your return.

Caution: A taxpayer is not entitled to the alternate reduced tax rate if the taxpayer substantially reduces or ceases its operations at another location in Indiana in order to relocate its operations within the qualified area, unless the taxpayer had existing operations in the qualified area and the operations relocated to the qualified area are an expansion of the taxpayer's operations in the qualified area. A determination made by the Department of Revenue that a taxpayer is not entitled to the alternate reduced tax rate as a result of a reduction or cessation of operations applies to the taxable year in which the substantial reduction or cessation occurs and in all subsequent years.
