

Instructions for Completing Motorsport Investment District Vendor Form

I.C. 4-10-23 requires the Indiana Department of Revenue to compile and report the amount of state retail sales tax and state adjusted gross income tax attributable to activities within the Motorsports Investment District that contains the Indianapolis Motor Speedway. The allocation of adjusted gross income tax payments attributable to activities within the MID will be based on the duty days calculations specified in I.C. 6-3-2-3.2. In order to provide for the required duty day and tax payment information, I.C. 4-10-23-9(c) states that "Businesses operating in the district shall report, in the manner and in the form prescribed by the department of state revenue, information that the department determines necessary to calculate incremental gross retail, use, and income taxes." This informational return constitutes the manner and form prescribed by the department.

The information reported in Section 1 is to include only withholdings from income earned while working in the MID and retail sales tax collected on sales made in the MID.

For Section 2, list contractors or affiliates engaged in retail sales on your behalf in the MID.

Please mail completed form to:
