DEPICTION AREA**
State Form 29552 (R2 / 3-17)

**INDIANA DEPARTMENT OF TRANSPORTATION
OFFICE OF AVIATION**
100 North Senate Avenue, Room N955
Indianapolis, IN 46204

Facility Name	
Associated Town or City	
Owner's Name	
County	Township
Section	Range

Valid airspace analysis determinations are based, in part, on information provided on this form. It is important for this information to be legible, accurate and complete. In the area below, depict the proposed location, size and layout of your landing area in relation to the appropriate geographic section and range. Indicate the height and location of buildings, telephone/power lines, and towers that are within the runway approach and adjacent to the landing area. Also indicate the distance/direction, and elevation differences between the runway ends and any roads, highways, or railroads that are within the approach or adjacent to the landing area. Be sure to depict the proposed traffic pattern, property lines, and, if applicable, nearby or intersecting county lines. If depicting a proposed heliport, depict the preferred ingress/egress routes. Supplemental material may be used to assist.
