Instructions for Completing Schedule FIT-20NOL Computation of Indiana Member's Net Operating Loss Deduction

All taxpayers must complete and enclose this schedule with the Financial Institution Tax Return if they are claiming a net operating loss (NOL) deduction. The NOL that will be recognized for financial institution tax purposes will be the NOL apportioned to Indiana for the taxable year of the loss.

An Indiana NOL incurred under the Financial Institution Tax Act may be carried forward for 15 years following the loss year and applied in any year in which there is Indiana taxable income. There is no provision under the Financial Institution Tax Act for the carryback of a net operating loss or capital loss. An Indiana NOL incurred for adjusted gross income (AGI) tax purposes may not be applied to income subject to financial institutions tax. An Indiana NOL must be used the first year available for the deduction.

Use basic federal Separate Return Limitation Year (SRLY) rules when one or more members of the combined group incurred a net operating loss when that member was not part of the combined group. To compute the allowable net operating loss deduction, do the following:

If the taxpayer is filing a combined return, any net capital loss or net operating loss attributable to Indiana in the combined return shall be prorated between each member of the unitary group having nexus in Indiana by the quotient of:

- (1) The Indiana receipts of those taxpayer members attributable to Indiana; divided by:
- (2) The total receipts of all taxpayer members attributed to Indiana. A separate Schedule FIT-20NOL will be completed by each member to calculate their share of the loss and amount available to be applied for the combined return.

Completing FIT-20NOL

Tax Year: Determine the years to which the NOL applies across the top of the schedule.

Line 1. Enter the total adjusted gross income or (loss) from line 19 of the FIT-20.

Sample FIT-20NOL for Unitary Group - A form is to be completed by each member of a combined return filing FIT-20NOL.

Members A, B, and C are taxpayers under IC 6-5.5-1-17 and are required to be included in the combined return (IC 6-5.5-1-18) for the 2015 tax year.

Loss Year 2015	Member A	Member B	Member C	Combined Total

Carryover Year 2016 (For tax year 2016, member C is no longer required to be included in the combined return (IC 6-5.5-1-18(a).))

NOL to carry forward	\$ 0	(\$108,000)	(\$20,000)		

Line 2. Enter the combined apportionment percentage, if applicable, for the tax year.

Line 3. Enter the combined amount of Indiana business income or loss. Multiply the amount on line 1 by the apportionment percentage on line 2.

Line 4. Enter the ratio of member's Indiana receipts. Divide member's Indiana receipts by receipts of entire unitary group attributed to Indiana for year. Enter as a percent. See Indiana Code (IC) 6-5.5-2-1(d)(1) and example below.

Line 5. Enter each taxpayer member's attributed Indiana income or loss available to offset combined income or to reduce the carryforward loss. Caution: The income or loss available is limited to the amount of each taxpayer member's portion of the receipts attributable to Indiana. See example below. Use amount from line 3 or multiply line 3 by ratio on line 4, if applicable.

The total of each taxpayer member's remaining share of the combined group's NOL deduction is applied on line 25 of Form FIT-20. However, the combined total may not exceed the taxable income for the year.

Loss Year Carryforwards Applied Against AGI

In the second column next to the appropriate loss year, enter the total Indiana NOL coinciding with line 3 for the corresponding loss year. When utilizing the NOL deduction for a particular loss year, enter the amount of the deduction in the same column of the year the loss is being applied against AGI.

When calculating the AGI after the NOL deduction, subtract the total deductions taken from the AGI and enter the amount on the line titled "Adjusted Gross Income after NOL Deduction." The amount cannot be less than 0.

Enclose the complete schedule and any NOL worksheets with the return when the NOL is being utilized.
