Electronic Filing Mandate

If a professional preparer files more than 10 individual income tax returns in a calendar year, for the subsequent year the professional preparer must file returns for individuals in an electronic format, as specified by the department.

A penalty of \$50 may be imposed on the professional preparer for each return that is not filed electronically (see *Exception* below). The maximum penalty is \$25,000 per preparer per calendar year.

Exception: An individual may elect to opt-out of having his/her return electronically filed. Form IN-OPT must be completed, signed and retained on file by the paid preparer. A return filed under these circumstances will not be subject to a penalty for not being filed electronically.
