Section C - Required Annual Payment

1. 2005 tax 1
2. 2005 credits (not including withholding credits or estimated tax payments) 2
3. Subtract line 2 from line 1 3
4. Multiply line 3 by 90% (.90) (farmers/fishermen multiply by .667, see instructions) 4
5. 2005 withholding tax credit 5
6. Subtract line 5 from line 3 - **If less than \$400, STOP HERE! You do not owe a penalty** 6
7. Prior year's tax - **Read instructions** 7
8. Minimum required annual payment - Enter the lesser of line 4 or line 7 - **If less than or equal to the amount on line 5, STOP HERE! You do not owe a penalty** 8

**Section D - Short Method - Read the instructions to determine if you can
use the short method**

9. Enter the withholding tax credit amount from line 5 above 9
10. Enter the total amount, if any, of estimated tax payments you made for tax year 2005 10
11. Add lines 9 and 10 11
12. Total Underpayment. Subtract line 11 from line 8. If zero or less, **STOP HERE! You do not owe a penalty.** Attach this schedule to your tax return 12
13. Multiply line 12 by 10% (.10). Enter this amount on line 36 of Form IT-40 or line 32 of Form IT-40PNR 13

Installment Period Due Dates

| 21. Underpayment penalty - Multiply line 20 by 10% (.10). Enter this amount on line 36 of Form IT-40 or line 32 of Form IT-40PNR <input type="text"/> 21 <input type="text"/> | <input type="text"/> | <input type="text"/> | <input type="text"/> | <input type="text"/> |

Indiana Department of Revenue Underpayment of Estimated Tax by Individuals

WHAT is the purpose of Schedule IT-2210? This schedule is used for TWO reasons:

1. To help you figure any penalty you owe for not paying enough income tax throughout the year; **or**
2. To show you paid enough tax throughout the year to be exempt from the penalty.

WHY is a penalty charged? The Indiana income tax system is a "pay as you go" system. Many taxpayers have enough taxes withheld from their income throughout the year to cover their year-end total tax due. However, if you don't have taxes withheld from your income, or if you don't have *enough* tax withheld from your income, you may owe a penalty for underpaying estimated tax.

WHO should use Schedule IT-2210? You should complete this schedule if :

- the amount you owe for tax year 2005, after credits, is \$400 or more for the year. The amount you owe is from IT-40, line 30 minus line 31, or IT-40PNR, line 26 minus line 27; **or**
- you underpaid the minimum amount due for one or more of the installment periods.

Note: Form IT-40P filers must see special instructions on page 3.

HOW much is the penalty? The penalty is 10% of the underpayment for each installment period underpaid. That is why Section E of this schedule is set up by periods and should be filled out one column at a time.

WHAT DO I NEED to complete this form? You'll need a copy of:

- your completed 2005 IT-40 or IT-40PNR;
- your 2004 IT-40 or IT-40PNR; **and**
- records of actual estimated tax payments you made for 2005.

WHAT ELSE do I need to know about this schedule?

- If you are a farmer or fisherman, you should review Section A below and

Section D - Short Method instructions on page 2.

- All taxpayers need to know about the short method of figuring the penalty in Section D.

- If you received seasonal income (i.e. you had fireworks sales, you worked during a Christmas season, etc.) that is not evenly distributed throughout the year, you might want to complete Schedule IT-2210A, Annualized Income Schedule. Annualization could possibly reduce your required installment tax payments. Contact the Department at (317) 615-2581 to get Schedule IT-2210A, or download it from the following Web address: www.in.gov/dor/taxforms/individual05.html

SECTION A -

Farmers and Fishermen

If at least two-thirds of your gross income for 2004 or 2005 was from farming or fishing, you have only one payment due date for 2005 estimated tax - January 17, 2006.

To meet an exception to the underpayment penalty for 2005, you may use Option 1 or 2:

Option 1- Pay all your estimated tax by January 17, 2006, and file your Form IT-40 by April 17, 2006, **OR**

Option 2- File your Form IT-40 by March 1, 2006, and pay all the tax due. You are not required to make an estimated tax payment if you choose this second option. If you pay all the tax due, you will not be penalized for failure to pay estimated tax.

SECTION B - Early Filers

If you file your individual income tax return and pay the tax due by January 31, 2006, you will not be required to make a 4th installment estimated tax payment. For additional information see the instructions for line 16.

SECTION C - Required Annual Payments

Section C will determine if you should have paid estimated taxes during the

year and the minimum amount required.

Line 1: 2005 Tax: Enter the state adjusted gross income tax, county income tax and Indiana advance earned income credit payments from your individual income tax return. Add line 16 (state adjusted gross income tax), line 17 (county income tax) and line 20 (Indiana advance earned income credit payments) from the IT-40 or lines 12, 13 and 16 from the IT-40PNR and enter the total here.

Line 2: 2005 Credits: Enter all your credits *except* withholding and estimated tax payments. Add lines 25 through and including 28 from the IT-40 or lines 21 through and including 24 from the IT-40 PNR and enter the total here.

Line 4: To determine 90% of your total expected tax, multiply line 3 by 90% (.90).

Note: If at least 2/3 of your gross income is from farming or fishing, multiply line 3 by 66 ²/₃% (.667).

Line 5: 2005 Withholding: Your 2005 Indiana state and county income taxes withheld from your earnings should equal the combined line 22 (Indiana state tax withheld) and line 23 (county tax withheld) amounts from the IT-40 or lines 18 and 19 from the IT-40PNR. Enter the total here.

Line 6: Subtract line 5 from line 3. If this amount is less than \$400, you **do not** owe a penalty. **Stop** here and **attach a copy of this schedule** to your individual income tax return.

Line 7: Prior Year's Tax Exception:

- If you filed a 2004 IT-40, add lines 15 and 16 (your state and county income tax) from that return and subtract the total of lines 24, 25, 26, and 27 from that return. Enter the result here. **Note: See Caution box on page 2.**

- If you filed a 2004 IT-40PNR as a **full-year nonresident**, add lines 12 and 13 from that return and subtract the total of the lines 21, 22, 23, and 24

from that return. Enter the result here.
Note: See **CAUTION** box below.

• If you filed a 2004 IT-40PNR as a **part-year resident** of Indiana, you must figure the tax for that year on an annualized basis. See the instruction and **Example for when 2004 IT-40PNR was filed as a part-year resident** in the right-hand column.

Line 8: Minimum Required Annual Payment: Enter the lesser of line 4 or line 7. If the line 7 entry is N/A, enter the amount from line 4 on this line. Continue to Section D or Section E, whichever applies.

SECTION D - Short Method

You can use the short method **only if**:

- you made no estimated tax payments, **or**
- you paid estimated tax in four equal amounts by the due dates, **or**
- at least two-thirds of your gross income from 2004 or 2005 was from farming or fishing and estimated tax payment (if any) was made by 1/17/06.

You **can't** use the short method if either of the following applies:

- you made any estimated tax payments late, **or**
- you made estimated payments in unequal amounts.

SECTION E - Regular Method

Use the regular method if you aren't eligible to use the short method.

If you are a fiscal year taxpayer, you must change the dates in Columns A through D to correspond with your fiscal year.

Line 14: Minimum Required Installment: Divide the amount on line 8 by 4 and enter the result in each column.

If you are filing this year as a **part-year resident** on Form IT-40PNR, you must divide line 8 by the number of installment periods during which you were a resident of Indiana.

Example for when 2004 IT-40PNR was filed as a part-year resident: you can accomplish this by multiplying the IT-40PNR line 1 income by 12 and dividing the result by the number of months you were an Indiana resident. Then figure the state tax and county tax, if applicable, by 1) subtracting your 2005 exemptions from the result and 2) multiplying that total by the combined state and applicable county tax rate(s) from your 2005 Indiana individual income tax return. See the example below. **Note:** See **CAUTION** box below.

Example:

- Jane moved to Indiana on Sept. 15, 2004, so she was a resident for 3.5 months.
- Her 2004 IT-40PNR line 1 income is \$10,000.
- Her 2005 total exemptions are \$3,500.
- The 2005 adjusted gross income tax rate is 3.4% (.034). Her 2005 county tax rate is 1% (for a 4.4% [.044] combined state and county tax rate.)

Use Steps 1 - 4 below to figure her prior year's tax exception for line 7 of the IT-2210.

Step 1	\$ 10,000	2004 Indiana income
	x 12	months
	\$ 120,000	annualized income

Step 2	\$ 120,000	annualized income
	÷ 3.5	months of 2004 residency
	\$ 34,286	

Step 3	\$ 34,286	
	- \$ 3,500	2005 exemptions
	\$ 30,786	

Step 4	\$ 30,786	
	x 4.4%	2005 combined state and county tax rate
	\$ 1,355*	

* The \$1,355 Step 4 amount should be entered as an exception on line 7 of Jane's Schedule IT-2210.

CAUTION: If your 2004 state taxable income (line 14 of Form IT-40 or line 11 of Form IT-40PNR) was more than \$150,000 (\$75,000 for married individuals filing separately), you must enter **110% of last year's tax** (instead of 100%) on line 7.

Example: Chris and Kate's 2004 state taxable income from line 14 of Form IT-40 was \$158,000. They would take the following steps to arrive at the exception amount for line 7:

a) 2004 IT-40 total income tax (line 15 plus line 16)	\$ 6,952
b) 2004 IT-40 credits (lines 24, 25, 26, and 27)	- 1,952
c) Subtotal	\$ 5,000
d) Exception to the penalty percentage	x 110%
e) Amount for line 7 of Schedule IT-2210	\$ 5,500

Note: If Chris and Kate's 2004 state taxable income had been less than \$150,000, they would have entered \$5,000 instead of \$5,500 on line 7.

Installment periods are:

1st Period January 1 to March 31
 2nd Period April 1 to May 31
 3rd Period June 1 to August 31
 4th Period Sept. 1 to Dec. 31

Line 15: 2005 Withholding: To determine your installment period withholding credit, divide the amount on line 5 by 4 and enter the result in each column.

STOP: Complete lines 16 through 19 for one column before going to the next column.

Line 16: 2005 Estimated Taxes Paid: Enter the actual amount of estimated tax you timely paid for each installment period. Payments made after the due dates at the top of each column are to be reported in the next column.

Example: Joe paid \$800 in estimated taxes for 2005. His first installment payment of \$200 was not made until May 1 (after the April 15th due date). His second installment payment of \$200 was made on time by the June

15th due date. The first installment payment in Column A on line 15 will be -0- and the 2nd installment payment in Column B on line 15 will be \$400.

Note for Early Filers: If you file your individual income tax return and pay the tax due by January 31, 2006, you will not be required to make a 4th installment estimated tax payment. You should include on line 16, Column D, the amount of tax you paid with your tax return (Form IT-40 or IT-40PNR) minus any household employment tax, use tax, advance earned income credit payments, and/or the amount shown on the return to be applied to your 2006 estimated tax account.

Line 17: Total Installment Payments: To determine your total installment payments, add lines 15 and 16 in each column and enter that column's total here.

Line 18: Installment Period Overpayment: If the total payment (line 17) is more than the required payment due (line 14) for an installment period, enter the difference on this line. This

amount should then be added to line 16 in the next column **after** subtracting any underpayment(s) shown on line 19 in the previous column(s).

Note: If, after subtracting any underpayments, this amount is less than zero, no overpayment will be available to carry over to the next installment period. Also, **do not** carry over a negative figure if this amount is less than zero.

Example: Dana had a \$100 underpayment on line 19, Column A. She had a \$130 *overpayment* on line 18, Column B. The net overpayment from the first two installment periods is \$30 (\$130 - \$100). She will add this net overpayment to any estimated tax paid for the third installment period on line 16, Column C.

Line 19: Installment Period Underpayment: If the total payment (line 17) is less than the required tax (line 14) for an installment period, enter the difference on this line.

Line 20: Total Underpayment: Add the amounts from line 19, Columns A, B, C, and D, and enter the total here.

Line 21: Underpayment Penalty: To determine the amount of underpayment penalty you owe, multiply line 20 by 10% (.10) and enter the amount here.

This amount must also be entered on line 36 of your 2005 IT-40 or line 32 of your 2005 IT-40PNR.

Attach a copy of Schedule IT-2210 to your tax return.

A special note to prior year tax filers ...

Individuals filing an Indiana individual income tax return for tax years 1996 or before must file using Form IT-40P. For tax years beginning before 1997, you should complete this schedule if:

- the amount you owed for the year, after credits, was \$100* or more for the year; **or**
- you underpaid the minimum amount due for one or more of the installment periods.

The Schedule IT-2210 instructions address 2004 Form IT-40 and IT-40PNR line references and due dates. You must adjust those line references and due dates to correspond with the tax year for which you are filing. For example, if you are completing Form IT-40P for the 1996 tax year, where the Section C line 7 instruction refers to "last year's tax", it is referring to tax from your 1995 tax return.

* The 2005 revision, line 6, states; "If less than \$400, STOP HERE!" For tax year 1996 or before the instructions should say; "If less than **\$100**, STOP HERE!" Estimated payments were required for those years if owing \$100 or more.

Important: You must attach a copy of Schedule IT-2210 to your tax return if you meet an exception to the penalty for the underpayment of estimated tax.
