Estimated Income Tax Payments

If you expect to have income during the 2002 tax year that:

- · won't have Indiana income taxes withheld, or
- if you think the amount withheld won't be enough to pay your tax liability, and
- you expect to owe more than \$400 when you file your tax return,

then you should pay estimated tax. Use the worksheet below to see how much you'll owe.

If you don't want to make your first installment estimated payment for 2002 on your IT-40 or IT-40PNR income tax return, you can use the form at the top of this page to make the payment. The due dates are shown on the form. We suggest that first time estimated income taxpayers make a copy of the blank form. This is in case the vouchers that are automatically issued (after we receive your first payment) don't get to you by the next payment's due date.
