Claim for Proportional Use Credit Information and Instructions

The claim for credit must be completed only by companies, sole proprietorships, partnerships, or other legal entities that have been previously certified by the department and that are seeking a refund of taxes paid on motor fuel consumed in a motor vehicle which has a common fuel reservoir used to propel the motor vehicle along the highway and for some other commercial purpose in the state of Indiana.

Column 1: Enter the vehicle type code. (shown on last page)

Column 2: Enter the number of vehicles listed in column 1. The number of vehicles listed here must match the number on the certification approved by the department. Only the certification vehicle(s) and the vehicle(s) added in the appropriate area will be considered for the claim.

Motor Carrier Fuel Tax and Surcharge Tax

To receive a proportional use exemption credit for motor carrier fuel and surcharge tax, you must submit your quarterly return with the proper payment. Filing your quarterly returns late (the due date is shown on the quarterly return) or failing to submit your quarterly return (MCFT-101 or IFTA-101) with payment will result in denial of your claim for credit. The claim for proportional use credit form must be submitted by the due date.

****Non-Indiana Carriers****

If you submit your quarterly tax return to a state/jurisdiction other than Indiana, you must submit a copy of that quarterly report with your Claim for Proportional Use Credit form. No claim for credit forms can be processed without the quarterly tax return for the tax quarter in which the proportional claims are being made.

The department may require that any person, licensed or unlicensed, provide any additional proof that the department deems necessary. Failure to provide verification will result in the denial of the claim.

If you operate a type of vehicle for which a proportional use credit should be allowed and it is not listed or is listed and you have proof that the vehicle is entitled to a different percentage than indicated on the chart, please contact our office at (317) 615-7345 for assistance in determining the allowable percentage.
