Claimant agrees, under penalty of perjury, that the information given on this form is, to the best of their knowledge, true, accurate, and complete. The claimant further attests that the attached quarterly tax return is a true and accurate copy of the tax return filed with the based jurisdiction. This form must be signed by an owner, partner, or a corporate officer or by an authorized agent. If signed by an authorized agent, a properly completed power of attorney must be enclosed with this form. Mail the completed form to the Indiana Department of Revenue with your quarterly return.

Instructions for Completing Claim for Proportional Use Credit

The claim for credit can be completed only by companies, sole proprietorships, partnerships, or other legal entities previously certified by DOR that are seeking a refund of taxes paid on motor fuel consumed in a motor vehicle equipped with a common fuel reservoir used to propel the motor vehicle along the highway and for non-propulsion commercial purpose in the state of Indiana.

Column 1. Enter the vehicle type code of the eligible vehicle for which the refund is claimed (see chart on page 3).

Column 2. Enter the fuel type of the eligible vehicles.

Column 3. Enter the number of vehicles of the type listed in Column 1. The number of vehicles listed here must match the number of vehicles certified as eligible by DOR. Vehicle additions or deletions must be detailed on the Code and Vehicle Information sheet. Only previously certified vehicles and vehicles added on that sheet will be considered for a refund. Vehicles must be listed separately by vehicle type and fuel type.

Example. A carrier claiming credit for three gasoline-powered dump trucks and four special fuel-powered dump trucks must detail the groups on separate lines, due to the different fuel types.

Column 4. Enter the number of eligible miles traveled during the quarterly tax reporting period in the state of Indiana by the vehicle(s) listed in Column 1.

Column 5. Using whole numbers (no decimal points), enter the number of eligible gallons consumed in Indiana by the vehicle(s) shown in Column 1 during the quarterly tax reporting period.

Column 6. Enter the exempt percentage (from the chart on page 3) for the vehicle(s) type listed in Column 1.

Column 7. Enter the proportional use exempt gallons, determined by multiplying Column 5 by Column 6.

Column 8. Enter the tax rate for the fuel type of the vehicles listed in Column 1. The tax rates per gallon or gasoline gallon equivalent are:

Special Fuel \$0.57 Gasoline \$0.34 Alternative Fuel \$0.57

Column 9. Enter the Total Refund Claim by multiplying Column 7 by Column 8 and summing the Refunds Claimed on each line.

Qualifications

To receive a proportional use credit for motor carrier fuel consumed in Indiana, you must:

- 1. File the quarterly IFTA-101 or MCFT-101 tax returns on or before the due date shown on the return
- 2. Submit payment with the quarterly tax return
- 3. Submit the MCS-1789 (Claim for Proportional Use Credit) by the due date on the form
- 4. Submit the quarterly IFTA-101 or MCFT-101 tax return (if a paper return is filed) with the MCS-1789

Failure to comply with any of these requirements will result in denial of the proportional use credit claim.

Non-Indiana Carriers

If the quarterly tax return is submitted to a jurisdiction other than Indiana, you must submit a copy of that quarterly report with your Claim for Proportional Use Credit. No claim for credit can be processed without the quarterly tax return of the period for which the proportional claim pertains.

DOR may require additional documentation to support the claim for refund. Failure to provide supporting documentation will result in the denial of the claim.

If a type of vehicle for which a proportional use credit should be allowed is not listed or is listed at the incorrect percentage and proof of the correct percentage can be provided, please contact our office at 317-615-7200 for assistance in determining the allowable percentage.

Please mail all completed MCS-1789 forms to:

Indiana Department of Revenue Motor Carrier Services Department 7811 Milhouse Rd. Suite M Indianapolis, IN 46241

Proprotional Use Exemption Percentages

Please use the code number when listing the vehicles on the Certification and on all Claim for Credit forms. Also use these codes when adding/deleting vehicles quarterly.

Vehicles Added and/or Deleted

Please add and/or delete vehicles in this area. Only vehicles on the processed and approved certification application and on this list are eligible for claims for credit. If you require additional spaces, please attach a sheet that includes all of the information shown below. Designate whether adding (A) or deleting (D) a vehicle by placing the appropriate code (A or D) in the column.

| A/D | Vehicle Code | Vehicle VIN | Year | Vehicle Type | Vehicle Make | Axles | Seats | Fuel | Unladen Weight | Gross Weight | MSRP |
