General Statement

The tax is imposed on the taxable gross receipts of an entity providing the retail sale of utility services for the taxable year.

The tax is an income tax imposed at a rate of one and four-tenths (1.4) percent on taxable gross receipts described below. All entities are subject to the tax if their taxable gross receipts exceed \$1,000.

Utility services are defined as providing electrical energy; natural gas (other than propane or liquefied petroleum gas) used for heat, light, cooling or power; water; steam; sewage; or telecommunications.

All entities are subject to the tax if they exceed the \$1,000 limitation mentioned above. This includes "S" Corporations, partnerships, limited liability companies, and limited liability partnerships.

Taxable Receipts

Taxable receipts include the retail sale of utility services, judgments or settlements as compensation for lost retail sales, sales to a reseller if the utility is used in hotels, mobile home parks, or marinas, sales of water or gas to another for rebottling, installation, maintenance, repair, equipment, or leasing services provided and charges for the removal of the equipment, and all other receipts not segregated between retail and non-retail transactions.

Nontaxable Receipts

The following receipts are excluded from the computation of the utility receipts tax: sales to the U.S. Government; interstate sales to the extent the state is prohibited from taxing the gross receipts by the Constitution of the United States; collections by a taxpayer of a tax, fee, or surcharge imposed by a governmental unit if the tax is imposed solely on the sales at retail of utility services, and the taxpayer collects the tax separately; wholesale sales to another generator or reseller of utilities; holding company receipts from electric member cooperatives; joint agency receipts from member municipal electric utilities; refundable deposits paid by a customer to the taxpayer; or an occasional sale of utility services by a taxpayer that is not regularly engaged in the trade or business of selling utility services.

Exempt Entities

Gross receipts received by the following entities are exempt from the utility receipt tax: conservancy districts; regional water, sewage, or solid waste districts; a nonprofit corporation formed solely for the purpose of supplying water to the public, or a corporation formed for the purpose of providing a combination of water and sewer to the public; a county solid waste management district, or a joint solid waste management district; a county onsite waste management district; or a political subdivision for sewer and sewer service.

Estimated Payments

If a taxpayer's annual tax liability exceeds \$1,000, the taxpayer is required to file quarterly estimated payments and remit twenty-five (25) percent of the estimated annual tax due on each quarterly return.

If the taxpayer's annual liability exceeds \$40,000, the taxpayer is required to pay the quarterly estimated tax liability by electronic funds transfer (EFT). If the payment is made by EFT, the taxpayer is not required to file an estimated return.

The EFT registration form EFT-1 may be obtained on the Department's Web site at www.in.gov/dor/taxforms. Questions concerning the EFT registration process may be directed to departmental personnel by calling (317) 615-2695.

Estimated payments are due on the 20th day of the fourth, sixth, ninth, and twelfth month of the taxpayer's taxable year.

Annual Returns

Form URT should be filed annually by taxpayers that are subject to the utility receipts tax. The return is due on the fifteenth day of the fourth month following the close of the taxpayer's taxable year.

Extension of Time to File Payment

The extension payment form URT-Q is used to make a payment when additional time is necessary for filing the annual Utility Receipts Tax Return. A penalty for late payment will not be imposed if at least ninety (90) percent of the tax due is paid by the original due date and the remaining balance, plus interest, is paid in full by the extended due date. A copy of the federal extension of time to file form must be attached to the annual return when filed.

The Department recognizes the Internal Revenue Service's application for automatic extension of time to file (Form 7004); therefore, it is not necessary to request a separate Indiana extension. If an extension payment for Indiana is not due, a copy of the federal extension need not be submitted separately, but must be attached to the annual income tax return when filed. Returns received within thirty (30) days after the last date indicated on an attached federal extension will be considered timely filed. In the event a federal extension is not needed, a taxpayer may request in writing an Indiana extension of time to file.

Consolidated Return of an Affiliated Group

Corporations are considered to be affiliated if at least eighty (80) percent of the voting stock of one corporation is owned by another corporation. Corporate members of an affiliated group that are incorporated in Indiana or authorized to do business in Indiana may file a consolidated utility receipts tax return. An election to file a consolidated return must be made at the time that the group files its first return.

Form URT-1 Instructions Continued

If an election is made, the taxpayer must continue to file consolidated until the Department allows the taxpayer to change the manner in which it files its utility receipts tax return. All affiliated groups filing consolidated income tax returns with the Department must attach Schedule 8-D, Schedule of Indiana Affiliated Group Members, which is available from the Department upon request. Select checkbox #3 in question M, below the address section, to indicate if this is a consolidated filing.

NOTE: For more detailed information concerning the Utility Receipts Tax, refer to Commissioner's Directive #18.
