Guidelines for Indiana Bred Foals

71 IAC 13.5-2-1 Mare registration

Authority: IC 4-31-3-9

Affected: IC 4-31

Sec.1.(a) In order to be eligible to register a thoroughbred foal as Indiana bred, such foal must be:

(1) foaled in Indiana and its dam must be registered with the commission;

(2) have entered Indiana by November 1; and

(3) have been purchased at an advertised public sale prior to December 31 in the year prior to foaling.

Said mare must be in the State of Indiana within fourteen (14) days of purchase; and

(4) must remain in Indiana continuously until foaling;

(b) A current copy of the front and back of the mare's Jockey Club papers along with lease agreements are to be included with the registration.

(c) Mares registered for current breeding year may leave the state to be entered in an advertised public sale and may leave the state for the interval of the sale, but must return to Indiana within fourteen (14) days of her sale if the residency requirements for foal registration are to be fulfilled.

(d) Appeal of the fourteen (14) day return requirement must be forwarded to the commission for the review and recommendation of the breed development advisory committee. Notification to the Commission must be made in writing for mares leaving the state prior to participating in an advertised public sale. Upon return to the state, the mare must be reregistered with the appropriate forms available from the commission.

(e) In the event a mare entered Indiana or is registered with the commission after November 1, the foal (which must be foaled in Indiana) may be eligible to be registered as an Indiana bred. To be eligible, the mare:

(1) registered within ten (10) days of foaling; and

(2) must be bred back to a registered Indiana stallion in the year of foaling for the foal to qualify as an Indiana bred; and

(3) the stallion must be registered with the commission in the year the foal was conceived.

(f) If the mare fails to conceive when bred or is unfit to breed due to health reasons, a veterinarian certificate is required from a licensed veterinarian.

(g) If the mare does not conceive, she must:

(1) remain open for that breeding season in order for the mare's current foal to be eligible to be registered as an Indiana bred; and

(2) remain in Indiana for a period of thirty (30) days from the foaling date and the mare and foal must be inspected by a commission representative prior to leaving the state.

(h) The commission must be notified in writing and provide proper documentation for any mare and/or foal leaving the state for medical treatment.

(i) Appeals for the waiver of the thirty (30) day residency requirement of the mare and/or foal must be forwarded to the commission for the review and recommendation of the breed development advisory committee.

No Registration Fee Required

Please mail, email, or fax signed application along with a copy of the Jockey Club Certificate (front and back) to:
