

CONFINED FEEDING OPERATION FACILITY CHANGE NOTIFICATION State Form 50209 (R3 / 3-16)

INSTRUCTIONS: For Facility Change Notifications, complete all required sections, sign, date, and return this form to the address above. Please include an updated Farmstead Plan and Facility Detail Sheet (see sections IV, V & VI). The Facility Change Notification needs to be signed and submitted by the Owner/Operator.

Telephone:	()		E-mail Address:				

II. CHANGE INFORMATION

The owner/operator of an approved CFO must report any facility changes to the operation as approved to IDEM in writing. The department will review the proposed changes and decide if amendments are necessary. Some examples where department notification is required:

- Changes to the positioning of an approved structure that remains in compliance with the setback distances and within the boundaries identified in the farmstead plan and delineated by representative site borings.
- Transfers of ownership (refer to "Request for Approval Transfer" form of the record book).
- Correction of typographical or other minor errors within the approval or other minor changes as determined by IDEM.

These types of changes must be reported by the owner/operator using this form (except for a transfer of ownership, which should be reported on the form noted above). Any other facility changes must be applied for by using the "CFO Approval Application" form. It is preferred that the "Facility Change Notification Form" be submitted in advance of making changes to the construction plan. This will allow IDEM to confirm that a new approval is not warranted. Questions should be directed to the IDEM Confined Feeding Program, (800) 451-6027 or (317) 232-4473.

Proposed changes:

Attach necessary documentation pertaining to the proposed modifications. For example: revised construction/design drawings, revised farmstead plan, livestock population changes/calculations, manure handling technology. Refer to original application procedures for guidance.

III. SIGNATURE

I affirm that the information on this form is, to the best of my knowledge and belief, true, complete and accurate. I am aware of the penalties for knowingly submitting false information under IC 13-30-10-1.5.

Signature of Owner/Operator:

Date:

(month, day, year)

INSTRUCTIONS FOR PREPARING A FARMSTEAD PLAN:

Prepare a Farmstead Plan that meets the requirements noted in the Section IV Farmstead Plan Checklist. Attach the Farmstead Plan to this form. Complete the Facility Detail Information in Section VII using the Section V checklist and the examples in Section VI. Check the boxes next to each item in Sections IV and V as you verify that the Farmstead Plan and Facility Detail Information sheets are complete. If current approval contains structures that have not been constructed, please label these structures P (proposed) on the farmstead plan and facility detail sheet.

IV.		FARMSTEAD PLAN CHECKLIST
	Α.	The farmstead plan must be on a sheet no less than $8^{1}/_{2}$ inches by 11 inches in size.
	В.	The farmstead plan must show all existing and proposed waste management systems, and all of the following features within 500 feet of the waste management systems (label each feature):
		1. Residences
		2. Surface waters of the state
		3. Public and private roads
		4. Water well locations
		5. Characteristics of karst terrain as identified in 327 IAC 19-2-24
		6. Drainage patterns
		7. Property boundary line
		8. All outlets of known tile drains or any other type of subsurface or surface drainage outlet
		9. Drainage inlets, including water and sediment control basins showing their outlets, and ponds with outlets
		10. Mortality management sites
	C.	The farmstead plan must be legible and either:
		1. Drawn to approximate scale; or
		 Show specific distances between the waste management systems and the features listed immediately above in section B that are within 500 feet of the existing or proposed waste management system.
V.	FA	ACILITY DETAIL INFORMATION CHECKLIST
		instructions below, complete Section IV. The Facility Detail Information sheet for all confinement and
	-	ictures present or proposed at the site. If the rows of the provided Section IV. Facility Detail Information
		not properly sized for your needs, you may create your own table with the same column headers and
		nformation listed below.
	Α.	Label the Farmstead Plan – The waste management systems (confinement and waste structures) must be uniquely identified on the farmstead plan. Existing structures should be labeled with an "E". Proposed structure should be labeled with a "P". After labeling each building with a "P" or "E", number the structures. Your structures should be labeled as "E1", "E2", "E3", etc; or "P1", "P2", "P3", etc; or a combination of the two. Other unique labeling systems will be accepted.
	В.	Animal Type – Animal type(s) listed on Animal Information Attachment.
	C.	Number of Animals – The MAXIMUM APPROVED CAPACITY of the unit at any one time.
	D.	Solid or Liquid – Denote if the manure in the unit is handled as a solid or liquid.
	E.	Date Constructed – List the approximate date of construction for existing waste storage structures.
	F.	Water Uses (gallons/unit of time) – If the inside of the building is washed, indicate how much water is used and how often the bulding is cleaned. Also include any excess non-contact cooling water or drinking water directed to the waste management system.
	G.	Brief Description – Provide a brief description of the facility and waste management system. Indicate if the unit shares manure storage with another unit (i.e. common lagoon system, slurry store, etc.). Previously approved structues must have the approval number and date approved listed.

VI. FACILITY DETAIL SHEET EXAMPLES

Example 1

Existing Previously Approved Swine Facility Completing a Facility Change.

You are completing a facility change for an existing 1,000 head finishing building, a nursery/farrowing building with 1500 nursery pigs and 100 farrowing sows with litters, and a 300 head gestating sows building all with a flush gutter system to an existing lagoon. The lagoon and and all existing buildings were approved on 12/17/1994, AW #1234

FACILITY DETAIL INFORMATION								
Label on Farmstead Map	Animal Type	Number of Animals	Solid or Liquid	Date Constructe d (for existing buildings)	Water Uses (gallons/unit of time)	Brief Description:		
E1	Finishing Hogs	1,000	Liquid	N/A	5,000 gallons/ 3 times a year	A finishing building with flush gutter system to lagoon. Previously approved 12/17/1994, AW# 1234		
E2	Nursery Pigs Farrowing Sows	1,500 100	Liquid			Shallow pits, previously approved on 12/17/1994, AW# 1234. Pit is connected to the lagoon.		
E3	Gestating Sows	300	Liquid	3/95	N/A	Six (6) foot concrete pit, previously approved on 12/17/1994, AW# 1234. Pit is connected to the lagoon.		
P1	N/A	N/A	Liquid	N/A	N/A	A clay lined lagoon services all of the buildings previously approved on 12/17/1994, AW#1234		

Example 2

Existing Broiler Facility Proposing a Facility Change.

You are completing a facility change for a 40,000 bird broiler operation with two (2) production barns with a additional building for manure storage.

FACILITY DETAIL INFORMATION								
Label on Farmstead Map	Animal Type	Number of Animals	Solid or Liquid	Date Constructed (for existing buildings)	Water Uses (gallons/unit of time)	Brief Description:		
E1	Broiler	20,000	Solid	~ 1995	N/A	A broiler barn with earthen floors		
E2	Broiler	20,000	Solid	~ 1995	N/A	A broiler barn with earthen floors		
E3	N/A	N/A	Solid	~ 1995	N/A	Concrete floored, additional manure storage
