IMPORTANT NOTICE

Transfers:

Active 1977 Fund members can separate from one 1977 Fund participating employer to become employed with another participating 1977 Fund employer. Age limitations and physical and mental requirements for admission are waived if re-employment occurs within 180 days after separation. The 180-day limitation does not apply to 1977 Fund members who are reinstated with a police or fire department following a layoff for financial reasons.

Indiana law forbids the initial hiring of a person as a public safety officer if the person is forty (40) years of age or more for a police officer or forty (40) years of age or more for a firefighter at the time of hire.

<u>IC 36-8-7(a)</u> provides as follows:

Section 7. (a) Except as provided in subsections (d), (e), (f), (g), (h), (k), (l), and (m):

- (1) a police officer who is less than forty (40) years of age; or
- (2) a firefighter who is less than forty (40) years of age (SB185)

and who passes the baseline statewide physical and mental examinations required under section 19 of this chapter shall be a member of the 1977 Fund and is not a member of the 1925 Fund, the 1937 Fund, or the 1953 Fund.

<u>IC 36-8-3.5-12</u> Department members; appointment; qualifications; application; general aptitude test; ratings; eligibility list; vacancies; physical agility test; probation

Section 12. (a) Subject to IC 36-8-4.7, to be appointed to the department, an applicant must be:

- (1) a citizen of the United States;
- (2) a high school graduate or equivalent; and
- (3) at least twenty-one (21) years of age, but under forty (40) years of age.

A former member of the 1977 Fund, who separated more than 180 days from a position covered by the 1977 Fund may be hired if they: (1) pass the statewide baseline physical and local board mental standards; and (2) will complete twenty (20) years of service by age 60 without meeting the maximum age limitations detailed above. In addition, <u>IC 36-8-4.7</u> provides a waiver for a person not more than forty (40) years and six (6) months of age who has completed twenty (20) years of military service who received or is eligible to receive an honorable discharge.

In addition, <u>IC 36-8-3-21(b)</u> provides that, "(a)n individual may not be employed by a unit after May 31, 1985, as a member of the unit's fire department or as a member of the unit's police department unless the individual meets the conditions for membership in the 1977 fund."

GIVING AN INDIVIDUAL A CONDITIONAL OFFER OF EMPLOYMENT PRIOR TO AGE FORTY (40) FOR FIREFIGHTERS AND AGE FORTY (40) FOR POLICE OFFICERS DOES NOT CONSTITUTE COMPLIANCE WITH THESE STATUTES. THIS APPLICATION MUST BE RECEIVED AND FULLY APPROVED BY INPRS BEFORE THE APPLICANT MAY BE ACTUALLY HIRED BY THE DEPARTMENT. THE APPLICATION MUST BE RECEIVED BEFORE THE APPLICANT REACHES THE AGE OF FORTY (40) FOR A FIREFIGHTER AND THE AGE OF FORTY (40) FOR A POLICE OFFICER UNLESS COVERED UNDER STATUTORY EXCEPTIONS LISTED ABOVE.

35 IAC 2-9-5 states "the local board shall submit certification of the baseline statewide within 6 months of the date of examination. If INPRS receives the certification of the results of the baseline statewide physical examination more than 6 months from the date of examination, the local board has not met the requirements for the transfer of the local board determination under this section."

State Form 4928 (R20 / 1-25)

Name of applicant

APPLICATION CHECKLIST

These items must be completed before any individual can become a member of the 1977 Fund:

- Aptitude test has been administered and passed.
- 2. Agility test has been administered and passed.
- 3. Conditional offer is extended and statement of understanding and authorization for release of medical information has been signed.
- 4. Appointing authority has certified that the applicant passed the physical agility exam.
- 5. The comprehensive medical history has been completed and the baseline statewide examination has been administered.
- 6. The baseline statewide examination (physical and mental) forms have been signed by a licensed physician indicating that the baseline statewide medical and any additional local standards have been met (mental exam must be interpreted by a licensed physician or psychiatrist/PhD-trained psychologist.)
- 7. The appropriate specialist reports, if any, are identified and included in the application package.
- 8. A local pension board member, the pension secretary, and the appointing authority have signed the certification forms indicating the baseline and any local standards have been met.
- 9. The examination form, all medical testing results, and certification of successful completion of the physical agility, mental, and medical examinations must be forwarded to INPRS. INPRS must approve or deny the application with respect to the baseline physical standards. INPRS also determines if the applicant has any Class 3 excludable conditions.
- 10. INPRS either approves or denies the application and issues the appropriate determination letter. If the application is approved, the approval letter will also specify whether the applicant has any Class 3 excludable conditions. If the application is denied, the denial letter to the applicant will specify the reason.
- 11. If the applicant is approved by INPRS, an unconditional offer of employment is made, and the effect of any Class 3 exclusions is explained.
- 12. If the applicant is approved, the department should begin the enrollment process in the Employer Reporting and Maintenance (ERM) system.
- 13. If the applicant is denied, the applicant may challenge the denial under the Indiana Administrative Orders and Procedures Act (IC 4-21.5). The administrative review process may also be used with respect to the determination that a Class 3 excludable condition exists.

GUIDELINES FOR PHYSICIANS

Name of applicant

This information is designed to help physicians complete the following forms. The medical conditions outlined in these forms may impact on an individual's ability to perform the essential functions of the job for a first-class police officer or firefighter. The application of these guidelines requires a careful consideration of the job duties of a police officer or firefighter and the medical conditions that might affect a person's capability to conduct those duties.

Firefighting and emergency response are very difficult jobs. People in these jobs must perform functions that are physically and psychologically demanding. These functions must often be performed under very difficult conditions. Studies have shown that firefighting and police functions at times require working at near maximal heart rates for prolonged periods of time. Heavy protective equipment (including respirators) and the heat from fire also contribute to the physical load that firefighters must endure.

The available health data on firefighters and police officers is limited. Given the delay between exposure and onset of many occupational illnesses (i.e., latency), current or past health studies of firefighters and police officers may not reflect future health risks. However, it appears that firefighters and police officers have increased risk for injuries, pulmonary disease, cardiovascular disease, cancer, and noise-induced hearing loss. The increased risk for injuries is expected given the demands and circumstances for this work.

BASIC ESSENTIAL JOB FUNCTIONS

I. BASIC ESSENTIAL FUNCTIONS FOR POLICE OFFICERS

- Patrol assigned area on foot or drive a vehicle searching for suspicious activity or situations or checking for persons in need of service.
- Monitor radio and other communication devices to receive assigned runs and to maintain awareness of activities in assigned areas or by other officers
- Assist citizens with problems such as lost children, injured persons, animal bites, civil disputes, locked doors, vehicle inspections and verifications, or abandoned vehicles.
- Refer persons to appropriate social service agencies when situation warrants.
- Respond to assigned run by driving, walking, or running to specified location, assess situation, determine need for other assistance, and take appropriate action.
- Move people away from danger, including carrying unconscious people, and providing emergency aid to injured people.
- Investigate accidents, extract victims, provide emergency aid, gather evidence, record observations and statements of witnesses and victims, request assistance from other officers or agencies as needed, direct the removal of the vehicles involved, and ensure the area is clear.
- Search crime scenes, take prescribed actions to preserve and protect evidence, and record findings and observations.
- Interview victims, suspects, and witnesses, and record responses and observations.
- Pursue, apprehend, search, and arrest suspects using only necessary force, advise suspects of rights, and transport suspect to detention area.
- Using appropriate equipment and weapons, restrain people from physically striking or injuring others.
- Drive a vehicle at high speed when situation warrants due to nature of emergency.
- Stop drivers of vehicles when traffic violations are observed, verify license and registration data, advise driver of safe driving practices, and issue citations or make arrests as warranted.
- Direct vehicular and pedestrian traffic when congestion occurs or as directed.
- Report as directed to scenes of general emergencies and take appropriate action to protect life and property, such as directing traffic,
- quarantining an area, assisting individuals in leaving an area, preventing looting, and requesting appropriate assistance.
- Maintain visibility in the community by meeting and talking with citizens, provide information, visit local businesses, and make presentations to school, neighborhood, and civic organizations.
- Write reports and complete forms as required by operating procedure and make oral reports to appropriate personnel.
- Testify in court, prepare for such testimony by reviewing reports and notes, meet with attorneys, and obtain appropriate evidence.
- Participate in training on law enforcement procedures, including firearms, criminal justice, and court procedure, emergency medical aid, and related subjects.
- Maintain uniforms, equipment, and weapons.
- Maintain personal physical fitness.
- Perform related duties as assigned.

II. BASIC ESSENTIAL FUNCTIONS FOR FIREFIGHTERS

- Respond to alarms by reporting to assigned vehicle, riding in or on assigned vehicle to the scene of the emergency or fire.
- Lift, carry, drag, lay, and connect hose lines from hydrants and equipment to scene. Carry resuscitators, tools, and other equipment from vehicle to scene.
- Raise and climb ladders, crawl and walk on roofs and floors, open holes and windows with axes, bars, or hooks for access or ventilation.
- Combat fires by holding nozzles and directing streams of fog, chemicals, or water and move into fire area, including into confined spaces and up stairs.
- Communicate by voice or radio with other firefighters and other emergency personnel to relay observations, equipment needs, and other relevant information.
- Move people away from danger, including carrying unconscious people or holding a life net.
- Provide emergency medical treatment to injured people.
- Remove objects from buildings, place protective covers over objects, and monitor assigned areas for signs of recurrence.
- Conduct fire drills, critique drill participants on emergency procedure, and instruct groups on such procedures.
- Participate in training on firefighting, emergency aid, emergency procedures, and related subjects.
- Maintain departmental equipment and structures, which includes cleaning and washing walls and floors, hanging and drying fire hose, cleaning equipment, and performing preventative maintenance on motorized equipment.
- Maintain personal physical fitness.
- Perform related duties as assigned.

State Form 4928 (R20 / 1-25)

GUIDELINES FOR PHYSICIANS (continued)

Name of applicant

ENVIRONMENTAL FACTORS THAT AFFECT JOB FUNCTIONS

I. ENVIRONMENTAL FACTORS FOR POLICE OFFICERS

The essential job functions for a police officer are performed in and affected by the following environmental factors. An officer must:

- 1. Operate both as a member of a team and independently at incidents of uncertain duration.
- 2. Face exposure to infectious agents such as hepatitis B or HIV.
- 3. Perform complex tasks during life-threatening emergencies.
- 4. Work for long periods of time, requiring sustained physical activity and intense concentration.
- 5. Face life or death decisions during emergency conditions.
- 6. Tolerate exposure to grotesque sights and smells associated with major trauma.
- 7. Make rapid transitions from rest to near maximal exertion without warm-up periods.
- 8. Use firearms, self-defense equipment and body armor.
- 9. Be able to physically protect themselves.
- 10. Be able to communicate with people effectively.

II. ENVIRONMENTAL FACTORS FOR FIREFIGHTERS

The essential job functions for a firefighter are performed in and affected by the following environmental factors. A firefighter must:

- 1. Operate both as a member of a team and independently at incidents of uncertain duration.
- 2. Spend extensive time outside exposed to the elements.
- 3. Experience frequent transition from hot to cold and from humid to dry atmospheres.
- 4. Tolerate extreme fluctuations in temperature and perform physically demanding work in hot (up to 400° F), humid (up to 100%) atmospheres while wearing equipment that significantly impairs body cooling mechanisms.
- 5. Work in wet, icy, or muddy areas.
- 6. Perform a variety of tasks on slippery, hazardous surfaces such as on roof tops or from ladders.
- 7. Work in areas where sustaining traumatic or thermal injury is possible.
- 8. Face exposure to carcinogenic dusts such as asbestos, and toxic substances such as hydrogen cyanide, acids, carbon monoxide, or organic solvents either through inhalation or skin contact.
- 9. Face exposure to infectious agents such as hepatitis B or HIV.
- 10. Perform complex tasks during life-threatening emergencies.
- 11. Work for long periods of time, requiring sustained physical activity and intense concentration.
- 12. Face life or death decisions during emergency conditions.
- 13. Tolerate exposure to grotesque sights and smells associated with major trauma and burn victims.
- 14. Make rapid transitions from rest to near maximal exertion without warm-up periods.
- 15. Operate in environments of high noise, poor visibility, limited mobility, at heights, and in enclosed or confined spaces.
- 16. Use manual or power tools in the performance of duties.
- 17. Rely on sense of sight, hearing, smell, and touch to help determine the nature of the emergency, maintain personal safety, and make critical decisions in confused, chaotic, and potentially life-threatening environments.
- 18. Wear personal protective equipment that weighs approximately fifty (50) pounds while performing the essential functions of the job.
- 19. Perform physically demanding work while wearing protective pressure breathing equipment with 1.5 inches water column resistance to exhalation at a flow of forty (40) liters per minute.
- 20. Be able to communicate with people effectively.

Do not leave any questions blank unless the form instructs you to skip questions.

STATEWIDE BASELINE STANDARDS					
Name of applicant					
This section is to be completed by the examining physician. ALL QUESTIONS MUST BE ANSWERED. IF AN ITEM IS NOT APPLICABLE	.E, CHOOS	E "NO".			
Based on the foregoing tests and examinations, I have determined that					
either does or does not have the following conditions as indicated: Name of applicant					
(Check each item.)	Yes	No			
Vision testing as follows:					
a. Far vision acuity					
1) Corrected binocular vision worse than 20/30;					
2) Corrected vision of the worse eye worse than 20/50; or					
 Uncorrected binocular vision worse than 20/100, with the exception that long-term successful users of soft contact lenses do not have to meet this uncorrected standard. 					
b. Color vision - an inability to identify red, green, and yellow colors.					
c. Peripheral vision - uncorrected field-of-vision less than one hundred forty degrees (140°) in the horizontal meridian in					
each eye. 2. Hearing deficits - A hearing deficit in the pure tonal thresholds (five hundred (500) Hertz, one thousand (1,000) Hertz, two					
thousand (2,000) Hertz, and three thousand (3,000) Hertz) in the unaided worst ear: a. of more than twenty-five (25) decibels in three (3) of the four (4) frequencies;					
b. of more than thirty (30) decibels in any one of the first three (3) frequencies; or					
c. an average loss within the four (4) frequencies of more than thirty (30) decibels.					
3. Communicable diseases: Any communicable disease or condition that poses a significant risk of substantial harm to the health and safety of the applicant, co-workers, or members of the public with whom the applicant will come in contact					
during the course of employment. 4. Suddenly incapacitating diseases or condition: Any disease or condition (physical or mental) that could incapacitate the					
applicant without sufficient warning to allow the applicant to take preventive measures, thereby imposing a significant risk of substantial harm to the health or safety of the applicant, co-workers, or members of the public with whom the applicant					
will come in contact during the course of employment (unless such disease or condition can be controlled by medication and					
the applicant affirms the applicant takes the appropriate medication).					
5. Alcoholism or illegal use of drugs as follows:					
a. Any history of alcoholism, unless the applicant has successfully rehabilitated for a period of at least one (1) year,					
successfully passes an examination for alcohol usage, and the applicant affirms the applicant is no longer engaging in the use of alcohol and has successfully rehabilitated for a period of at least one (1) year preceding the applicant's					
application for employment.					
b. Any history of illegal drug use or evidence of drug abuse, unless the applicant has successfully rehabilitated for a					
period of at least one (1) year, successfully passes an examination for the use of drugs or drug abuse, and the					
applicant affirms the applicant is no longer engaging in drug abuse and has successfully rehabilitated for a period of at least one (1) year preceding the applicant's application for employment.	_	_			
least one (1) year preceding the applicant's application for employment.					
The determination of whether an applicant's condition poses a significant risk of substantial harm will be based on an objective indiv	idualizad				
assessment of this applicant's present ability to safely perform the essential functions of the job considering reasonable accommod		ne			
extent required under the Americans with Disabilities Act. Factors to be considered include the following:		.0			
1. The duration of the risk,					
2. The nature and severity of the potential harm,					
 The likelihood that the potential harm will occur, The imminence of the potential harm. 					
4. The infinitelice of the potential flatin.					
Relevant evidence may include input from the applicant, the experience of the applicant in previous similar positions, opinions of medical doctors,					
rehabilitation counselors, or physical therapists who have expertise in the disability involved, or direct knowledge of the applicant.					
Signature of licensed physician (No rubber stamp signatures.) Date (mm/dd/yyyy)
