State of Indiana
Financial Institution Tax Booklet
2003 Form FIT-20

NOTE: For corporations other than credit unions or investment companies, the additional first-year special depreciation (bonus depreciation) provided under **the Jobs Creation and Workers Assistance Act of 2002** which affects adjusted gross income is not allowed for state tax purposes. See instructions for line 11 on page 6, for required modification to eliminate bonus depreciation.

This booklet contains forms and instructions for preparing Indiana financial institution returns for tax year 2003 and for fiscal years beginning in 2003 and ending in 2004.

Annual Public Hearing

In accordance with the Indiana Taxpayer Bill of Rights, the Indiana Department of Revenue will conduct an annual public hearing on Tuesday, June 1, 2004. Please come and share your ideas on how the Department can better administer Indiana tax laws. The hearing will be held at 9 a.m. in the Indiana Government Center South, Conference Center - Room 1, 402 West Washington Street, Indianapolis, Indiana. If you are unable to attend, please submit your concerns in writing to: Indiana Department of Revenue, Commissioner's Office, 100 North Senate Avenue, Indianapolis, Indiana, 46204.

Form FIT-20 General Instructions

Paper copies of pages 1 through 4 of the corporation's federal income tax return must be attached to Form FIT-20 when filed. This requirement is made under the authority of Indiana Code 6-5.5-6-5.

Internal Revenue Code References

Public Law 105-2003, SECTION 2, updates references to the Internal Revenue Code in certain Indiana income tax statutes. For tax year 2003, any reference to the Internal Revenue Code means the Internal Revenue Code of 1986, as amended, and in effect on January 1, 2003. *Citations affected: IC 6-3-1-11, and 6-5.5-1-11. Effective: January 1, 2003 (retroactive). HEA 1728.*

Not included in the above reference to the Internal Revenue Code is any provision regarding allowances of depreciation as a result of Public Law 108-27, **The Jobs and Growth Tax Relief Reconciliation Act**, which was signed by the President on May 28, 2003.

Modification to Eliminate Bonus Depreciation:

Add or subtract the amount attributable to bonus depreciation in excess of any regular depreciation which would be allowed had not an election under IRC Section 168(k) been made that substitutes for regular depreciation as applied to property in the year that it was placed into service. HEA 1728 SECTIONS 4 and 5.

On Form FIT-20 use the "other income line" (add back line 11 of Schedule A) to reflect certain federal provisions that may not be used to arrive at Indiana adjusted gross income. Refer to line 11 instructions on page 6.

Due Date of Return

The annual return is due on or before the 15th day of the 4th month following the close of the corporation's tax year.

Who Must File Form FIT-20

I.C. 6-5.5-2-1 imposes an eight and one-half (8.5) percent financial institution tax on the adjusted gross income of any corporation transacting the business of a financial institution including: a holding company; a regulated financial corporation; a subsidiary of a holding company or regulated financial corporation; or any other corporation carrying on the business of a financial institution. Any taxpayer who is subject to tax under I.C. 6-5.5 is exempt from Indiana's adjusted gross income tax,

A resident taxpayer is a taxpayer who is commercially domiciled in Indiana and transacts the business of a financial institution in this state.

A nonresident taxpayer is a taxpayer who is not commercially domiciled in Indiana, but transacts the business of a financial institution in this state.

The financial institution tax extends to both resident and nonresident financial institutions and to all other corporate entities when **eighty (80) percent or more of its gross income is derived from activities that constitute the business of a financial institution**. The business of a financial institution is defined as activities authorized by the federal reserve board; the making, acquiring, selling, or servicing of loans or extensions of credit; acting as an agent, broker or advisor in connection with leasing that is the economic equivalent of an extension of credits; or operating a credit card, debit card, or charge card business.

Apportionment of Adjusted Gross Income

Resident financial institutions are treated the same as nonresident financial institutions for the purposes of the financial institution tax by providing that the tax is imposed upon the apportioned Indiana income of financial institutions.

The law employs a single factor receipts formula to determine the percentage of the taxpayer's income subject to the tax. The single factor formula is derived by dividing the gross receipts attributable to transacting business in Indiana by the total receipts from transacting business in all taxing jurisdictions.

Nexus Rules

The law is based on the ability of a corporation under modern technology to transact the business of a financial institution in Indiana, regardless of the principal location of its offices and employees.

Transacting Business

A taxpayer is transacting business in Indiana for purposes of the franchise tax when it satisfies any of the following eight tests:

- (1) Maintains an office in Indiana;
- (2) Has an employee, representative, or independent contractor conducting business in Indiana;
- (3) Regularly sells products or services of any kind or nature to customers in Indiana that receive the product or service in Indiana;
- (4) Regularly solicits business from potential customers in Indiana;
- (5) Regularly performs services outside Indiana that are consumed within Indiana;
- (6) Regularly engages in transactions with customers in Indiana involving intangible property, including loans, that result in receipts flowing to the taxpayer from within Indiana;
- (7) Owns or leases tangible personal or real property located in Indiana; or
- (8) Regularly solicits and receives deposits from customers in Indiana.

"Regularly," for purposes of the above listed tests, is defined as assets attributable in Indiana equal to at least five million dollar (\$5,000,000) or twenty (20) or more Indiana customers.

Exempt Entities

Four specific types of organizations are exempted from the franchise tax. They include insurance companies, international banking facilities, S corporations exempt from income tax under I.R.C. Section 1363, and nonprofit corporations, with the exception of state chartered credit unions. Federal law prohibits state taxation of federally chartered credit unions.

Exempt Transactions

A taxpayer is not considered to be transacting business in Indiana if the ONLY activities of the taxpayer in Indiana are in connection with any of the following:

- (1) Maintaining or defending an action or suit;
- (2) Filing, modifying, renewing, extending, or transferring a mortgage, deed of trust, or security interest;
- (3) Acquiring, foreclosing, or otherwise conveying property in Indiana as a result of a default under the terms of a

mortgage, deed of trust, or security interest relating to the property;

- (4) Selling tangible personal property, if taxation under this law is precluded because of federal law relating to interstate commerce;
- (5) Owning an interest in the following types of property even though activities are conducted in Indiana that are reasonably required to evaluate and complete the acquisition or disposition of the property, the servicing of the property, or the income from the property, or the acquisition or liquidation of collateral relating to the property:
 - (a) An interest in a real estate mortgage investment conduit, a real estate investment trust, or a regulated investment company.
 - (b) An interest in a loan backed security representing ownership or participation in a pool of promissory notes or certificates of interest providing for payments in relation to payments or reasonable projections of payments on the notes or certificates.
 - (c) An interest in a loan or other asset where the interest is attributed to a consumer loan, a commercial loan or a secured commercial loan, and the payment obligations were solicited and entered into by a person that is independent and not acting on behalf of the owner.
 - (d) An interest in the right to service or collect income from a loan or other asset where interest on the loan is attributed as a loan described above, and the payment obligations were solicited and entered into by a person that is independent and not acting on behalf of the owner.
 - (e) An amount held in an escrow or trust account with respect to the property described above.
- (6) Acting
 - (a) As an executor of an estate;
 - (b) As a trustee of a benefit plan;
 - (c) As a trustee of an employee's pension, profit sharing, or other retirement plan;
 - (d) As a trustee of a testamentary or inter vivos trust or corporate indenture; or
 - (e) In any other fiduciary capacity, including holding title to real property in Indiana.

Method of Reporting

The law permits a taxpayer to report separately if it is a single entity. A combined return must be filed if there are two or more taxpayers in a unitary group. Members of a unitary group must file collectively on one combined return. **No provision is made for filing consolidated returns.**

If the taxpayer is a member of a group, combined reporting is mandatory. However, if the taxpayer determines that its Indiana income is not fairly reflected by the filing of a combined return, the taxpayer may petition the Department for an alternative method. The petition is subject to approval by the Department. The petition must include the name and federal identification number for each member of the group petitioning for an alternative method. Each member must include its justification for an alternative method. The approved petition from the Department must be attached to the FIT-20. Petitions

should be sent to: Indiana Department of Revenue, Tax Policy Division, Indiana Government Center North, Room N248, Indianapolis, Indiana 46204.

Unitary Groups

The taxpayer designated as the reporting member of a unitary group shall file a combined return. Unity is presumed if there is unity of ownership, operation, or unity of use as evidenced by centralized purchasing, advertising, accounting, or other controlled interaction among entities that are members of the unitary group. Unity of ownership exists for a corporation if it is a member of a group of two or more business entities, and more than fifty (50) percent of the voting stock is owned by a common owner or owners or by one or more of the member corporations of the group. The term "unitary group" includes those entities engaged in a unitary business that are transacting business in Indiana (P.L. 129-2001, SECTION 8). See page 10, Instructions for Filing a Combined Return.

Partnerships

Partnerships and trusts as entities are not subject to the franchise tax. However, partnerships and trusts having corporate partners or corporate grantors and beneficiaries where the entity is conducting the business of a financial institution are required to file a *partnership return*, Form IT-65.

The following guidelines should be considered when preparing an informational return for a financial institution which is a partnership:

- (1) If the entity is a partnership and has nonresident corporate partners, the partnership is required to withhold and remit the nonresident corporation's tax liability on its apportioned income if the nonresident corporation is not otherwise a taxpayer for purposes of the tax. The apportioned income attributable to the partner is the same percentage as its distributive share. If the corporate partner is otherwise subject to the franchise tax, the corporate partner is responsible for the tax in accordance with its percentage share of the partnership's adjusted gross income or apportioned income.
- (2) If a resident corporate partner is not otherwise subject to the tax, the corporate partner must pay the tax liability attributable to its partnership income. The income attributed to the corporate partner's share which has been subject to the franchise tax, would not be included in the income calculation for purposes of the Indiana gross or adjusted gross income taxes.
- (3) If a corporation is a financial institution that is also a partner in a partnership, and the partnership is transacting the business of a financial institution in Indiana, the partner is a taxpayer for purposes of the financial institution franchise tax.

Example: A bank in Maine is a partner with a bank in Indiana to make loans to Indiana borrowers. The only activity of the Maine bank is its involvement with the partnership. The partnership is required to withhold the Maine bank's share of the financial institution tax.

United States Government Obligations

Although interest earned on United States obligations is not subject to income taxation, it is not preempted by federal law from being included in the tax base of a franchise tax. Therefore, interest

from United States obligations is not to be subtracted from federal taxable income in determining the tax base of the franchise tax.

Extensions for Filing

The Department recognizes the Internal Revenue Service's application for automatic extension of time to file (Form 7004). **Do not** file a separate copy of Form 7004 with the Department to request an Indiana extension. Attach a copy of the federal extension form when the Indiana return is filed. Returns received within thirty (30) days after the last date indicated on the extension form will be considered timely filed. If a federal extension is not needed, a separate Indiana extension may be requested by writing to the Indiana Department of Revenue, Returns Processing Center, Corporate Income Tax Section, 100 N. Senate Avenue, Indianapolis, Indiana 46204-2253.

Penalty for late payment will not be imposed if at least ninety (90) percent of the tax is paid by the original due date. The extension payment should be sent with Indiana Form FT-QP as an estimated payment. Use the preprinted extension form included with your previous estimated coupon packet or the blank FT-EXT form at the end of the booklet. Any tax paid after the original due date must include interest. Contact the Department for the current rate of interest charged.

Amended Returns

I.C. 6-5.5-6-6 requires a taxpayer to notify the Department within 120 days of alterations or modifications to its federal income tax return (federal adjustment, R.A.R., etc.) as finally determined, by amended Form FIT-20.

To amend a previously filed Form FIT-20, you must file a corrected copy of the original form with "Amended" marked clearly at the top of the form. To claim a refund of an overpayment, file the return within three (3) years from the latter of the date of overpayment or the due date of the return.

A taxpayer entitled to claim a refund because of a reduction in tax liability resulting from a federal modification is allowed six (6) months from the date of modification to file a claim for refund. If an agreement to extend the statute of limitations for an assessment is entered into between the taxpayer and the Department, then the period for filing a claim for refund is also extended.

Estimated Quarterly Payments

Quarterly payments of estimated financial institution tax are required under IC 6-5.5-6-3. The quarterly due dates for estimated quarterly payments of a calendar year filer are April 20, June 20, September 20 and December 20 of the taxable year.

If a taxpayer uses a taxable year that does not end on December 31, the due dates for filing the estimated quarterly financial institution tax return and paying the tax are on or before the twentieth day of the fourth, sixth, ninth, and twelfth months of the taxpayer's taxable year. The payments must be made with the financial institution estimated quarterly vouchers, Form FT-QP. **The Department mails preprinted FT-QP vouchers to current FIT estimated account holders.** A copy of a blank estimated quarterly voucher, Form FT-ES, is located in the back of this publication.

If the annual tax liability is less than one thousand dollars (\$1,000), estimated payments are not required to be made. If the average estimated quarterly tax liability exceeds ten thousand dollars (\$10,000), or forty thousand dollars (\$40,000) annually, payments must be made by electronic funds transfer (EFT). Because there is no minimum payment amount, the Department encourages all corporate

taxpayers not required to remit by EFT to participate voluntarily in our EFT program.

Note: Taxpayers remitting by EFT should not file quarterly FT-QP or FT-ES coupons. The amounts are reconciled when the annual financial institution tax return is filed.

If the Department notifies a corporation of the requirement to remit by EFT, the corporation must do the following:

- 1) Complete and submit the EFT Authorization Agreement (Form EFT-1); and
- 2) Begin remitting tax payments by EFT by the date/tax period specified by the Department.

Failure to comply will result in a ten (10) percent penalty on each quarterly estimated tax payment not sent by EFT. **Note:** The Indiana Code does not require the extension of time to file payment or final payment due with the annual tax return to be made by EFT. One must be certain to claim any EFT payment as an extension or estimated payment credit. Do not file a return indicating an amount due if you have paid, or will pay, any remaining balance by EFT.

If a corporation determines that it meets the requirements to remit by EFT or has any questions, contact the EFT Section at (317) 615-2695.

Penalty for Underpayment of Estimated Taxes (I.C. 6-5.5-7-1)

Corporations required to estimate their financial institution tax liability will be subject to a ten (10) percent underpayment penalty if they fail to file estimated tax payments or fail to remit a sufficient amount. To avoid the penalty, the required quarterly estimate should include at least twenty (20) percent of the final financial institution tax liability for the current taxable year or twenty-five (25) percent of the corporation's final financial institution tax liability for the previous tax year. The penalty for the underpayment of estimated tax is assessed on the difference between the actual amount paid by the corporation for each quarter and twenty-five (25) percent of the corporation's final tax liability for the current tax year. Refer to Schedule FIT-2220, Underpayment of Estimated Tax by Financial Institutions, on page 4 of Form FIT-20.

Identification Section of Return

Questions A through L of the FIT-20 must be completed in order for the return to be accepted by the Department. Please use the correct legal name of the corporation and present mailing address. The federal identification number shown in the box must be correct.

List the Indiana county for your primary business location within the state. Place "O.O.S." in the county box for addresses outside Indiana.

Enter your principal business activity code, derived from the North American Industry Classification System (NAICS), in the designated block of the return. Use the six-digit activity code as reported on the federal corporation return.

Enter your Indiana Taxpayer Identification (TID) number. This is the same number used if one is registered as a collection agent for the State of Indiana for sales and/or withholding tax. Enter the TID as a 10 digit number by dropping the trailing three digit location numbers. This number should always be referenced on all returns and correspondence filed with the Department.

If you are a state chartered credit union or an investment company, check the box indicated and go to line 18 for instructions on completing the form.

Schedule A
Line by Line Instructions

Line 1. Enter federal taxable income from Federal Form 1120 before the net operating loss deduction or the special federal deduction.

Note: If a state chartered credit union or an investment company registered under the Investment Company Act of 1940, go to line 18. Enter adjusted gross income as defined in I. C. 6-5.5-1-2(b) and (c).

Line 2. Enter the qualifying dividend deduction.

Line 3. Subtotal: Subtract line 2 from line 1.

Addbacks: Lines 4 through 11 deducted at the federal level.

Line 4. Enter the amount deducted for bad debt (I.R.C. Sec. 166). See also line 15 to report recovery of a debt that becomes worthless to the extent a deduction was allowed from gross income in a prior tax year under I.R.C. Sec. 166(a).

Line 5. Enter the amount deducted for bad debt reserves of banks (I.R.C. Sec. 585).

Line 6. Enter the amount deducted for bad debt reserves (I.R.C. Sec. 593).

Line 7. Enter the amount deducted for charitable contributions (I.R.C. Sec. 170).

Line 8. Enter the amount deducted on the federal return for all state and local income taxes paid.

Line 9. Enter the amount deducted on federal Schedule D for net capital loss carry forwards deducted in this taxable year that were incurred prior to January 1, 1990. Excess capital losses may be carried forward for five (5) years following the loss year; however, there is no provision for carry-back of a capital loss incurred under the Financial Institution Tax Act.

Example: A calendar year taxpayer has a \$400,000 net capital loss carry forward for tax year 1989. In 1990, the taxpayer has capital gains of \$1,200,000 and current year capital losses of \$900,000. Current year capital losses are deducted first. Therefore, the taxpayer will be deducting \$300,000 in capital losses that have been carried forward from tax year 1989. The taxpayer will have netted his capital gains to zero for purposes of federal Schedule D. The taxpayer will be required to add back the \$300,000 that was applied against the 1990 gains and were carried forward from 1989 on line 10. There is still a \$100,000 balance of net capital loss carry forwards to be deducted at the federal level, and added back to Indiana franchise income in some future tax year.

Line 10. Enter the amount of interest on state and local obligations excluded under I.R.C. Section 103, or under any other federal law, minus the associated expenses disallowed in the computation of taxable income under I.R.C. Section 265.

Line 11. Other Income Adjustments - Attach complete explanation for any other adjustments.

Modification to Eliminate Bonus Depreciation

An adjustment is required for any provision claimed under **The Jobs and Growth Tax Relief Reconciliation Act of 2003** and any

bonus depreciation allowed under **The Jobs Creation and Workers Assistance Act of 2002** which affected adjusted gross income.

Add or subtract an amount necessary to make the adjusted gross income of any taxpayer that owns property for which additional first-year special depreciation allowance (bonus depreciation) for qualified property was allowed in the current taxable year or in an earlier taxable year equal to the amount of adjusted gross income that would have been computed had an election not been made under Section 168(k) of the Internal Revenue Code to apply bonus depreciation.

See **Commissioner's Directive #19** issued August, 2003, for information on the allowance of depreciation for state tax purposes. Attach a statement to explain any adjustments claimed on line 11.

Line 12. Total Addbacks: Add lines 4 through 11.

Line 13. Total Income: Add line 3 and line 12.

Deductions from Income:

Line 14. Subtract income derived from sources outside the United States as defined in the Internal Revenue Code and included in federal taxable income.

Line 15. Subtract an amount equal to a debt or portion of a debt becoming worthless (I.R.C. Sec. 166). This will include a reduction in the amount for the recovery of a bad debt deducted from gross income in a prior taxable year (applicable to taxpayers not defined as a large bank under I.R.C. Section 585 (c) (2) or Savings Association under I.R.C. Section 593.)

Line 16. Subtract an amount equal to any bad debt reserves included in federal income because of accounting method changes required by I.R.C. Sec. 585(c)(3)(A), or I.R.C. Section 593.

Line 17. Total Deductions: Add lines 14 through 16.

Line 18. Total Income Prior to Apportionment: Subtract line 17 from line 13.

State chartered credit unions must begin on line 18 by entering their "adjusted gross income." For state chartered credit unions "adjusted gross income" equals the total transfers to undivided earnings, minus dividends for that taxable year after statutory reserves are set aside under I.C. 28-7-1-24. In other words, "adjusted gross income" can be defined as net transfers to undivided earnings. No other deductions are permitted. The above definition also applies to a nonresident credit union doing business in Indiana.

Investment companies, defined under I.C. 6-5.5-1-2(d), must begin on line 18 by reporting federal taxable income computed according to the Internal Revenue Code as in effect on January 1, 2003, before any net operating loss deduction. An investment company must also complete line 12 of FIT-20 Schedule E-U.

Line 19. Total Income Prior to Apportionment: Enter amount carried from line 18.

Line 20. Apportionment Percentage: (See instructions for Schedule E-U). **This line should be used by all taxpayers and Unitary Groups.** Enter figure from line 15 of Schedule E-U.

Line 21. Apportioned Income for Taxpayers and Unitary Groups: The taxpayer or unitary group must multiply line 19, total income subject to apportionment by line 20, apportionment percentage from Schedule E-U.

Line 23. Total Adjusted Gross Income: All taxpayers and unitary groups enter the amount from line 21.

Line 24. Indiana Net Operating Loss: Only those unused net operating losses incurred for taxable years beginning after December 31, 1989, may be deducted. The amount to report on this line is the Indiana portion of the net operating loss, and cannot exceed the amount reported on line 23. Net operating losses can be carried forward for fifteen (15) years; however, there is no provision for loss carry backs. *You must complete and attach Schedule FIT-20 NOL to the return.* (See page 12 for instructions).

Line 25. Indiana Adjusted Gross Income: Subtract line 24 from line 23.

Line 26. Indiana Financial Institution Tax Due: Multiply the amount on line 25 by 8.5 percent (.085). If line 25 is a loss amount, enter zero on this line.

Line 28. Nonresident Taxpayer Credit: To claim this credit, you must attach a copy of your domiciliary state's tax return. Nonresident taxpayers may be able to claim a credit for taxes paid to their domiciliary state. To be eligible to claim the credit, several conditions must be met: (1) the receipt of interest or other income from the loan is attributed to both the domiciliary state and also to Indiana, and (2) the principal amount of the loan is at least two million dollars (\$2,000,000).

To determine the amount of tax attributable to the loan transaction, divide the total receipts from qualified loans by total receipts attributable to Indiana. Multiply that quotient expressed as a percentage by the total amount of tax due to determine the amount of tax attributable to the loan. This is the amount of credit that may be available. The actual credit is equal to the lesser of the actual taxes paid to the domiciliary state for the loan transaction, or the amount due to Indiana on the loan transaction. If the taxpayer's domiciliary state grants a credit for taxes paid to other states, the credit available for purposes of Indiana's tax must be reduced by the amount of the credit granted by the taxpayer's domiciliary state. (See the instructions for completing Schedule FIT-NRTC on page 10.)

Nonresident credits are determined for each taxpayer member of a unitary group on an individual basis, notwithstanding that the adjusted gross income is reported on a combined basis for all members of a unitary group.

Line 29. Net Financial Institution Tax Due: Subtract the amount on line 28 from the amount on line 26.

Line 30. Use Tax Due: Taxpayers are required to report and pay use tax as a part of their financial institution tax return on purchases where sales tax was not charged. Purchases subject to use tax include (but are not limited to) subscriptions to magazines and periodicals, and property purchased exempt from tax by use of an exemption certificate, and later converted to a non exempt use by the business. To calculate the amount of purchases subject to the use tax, please see FIT-20 Schedule SUT, on form page 4, and enter the amount on line 30.

Note: Effective December 1, 2002, Indiana sales tax rate is six-percent (.06).

For more information regarding use tax, call (317) 233-4015.

Line 31. Subtotal Due: Add line 29 and line 30.

Line 32. Neighborhood Assistance Tax Credit: A preapproved neighborhood assistance credit form NC-20 must be attached and the credit claimed on line 35. For further information, refer to Income Tax Information Bulletin #22.

Line 33. Enterprise Zone Employment Expense Tax Credit: Enter the amount calculated on Schedule EZ, or the amount received from a pass-through entity. For further information on enterprise zone tax benefits, refer to Income Tax Information Bulletin # 66.

Line 34. Enterprise Zone Loan Interest Tax Credit: Enter the amount calculated on Schedule LIC, or amount received from a pass-through entity. For further information about this credit, refer to Income Tax Information Bulletin #66.

Note: Claimants must be in good standing to remain eligible for the Enterprise Zone Loan Interest Credit. The term "zone business" includes an entity that claims certain tax benefits available to businesses located in an enterprise zone. A taxpayer may claim the enterprise zone loan interest credit only if that taxpayer pays a registration fee, provides additional assistance to urban enterprise associations required of zone businesses, and complies with requirements adopted by the enterprise zone board.

Line 35. Teacher Summer Employment Tax Credit: This credit is available to taxpayers hiring math or science teachers during summer school vacation. The credit for each teacher hired is the lesser of \$2,500 or fifty (50) percent of the compensation paid. The credit should be claimed on line 33. The Professional Standards Board will certify the qualified positions, and Schedule TSE must be attached to the return. Contact the Department of Education at (317) 232-6676 for more information on this credit.

Line 36. Industrial Recovery Tax Credit: The credit is based upon the taxpayer's qualified investment in a vacant industrial facility within a designated industrial recovery site. A copy of the approved certification entered by the enterprise zone board must be attached to the return.

A lessee of property in an industrial recovery site may be assigned tax credit(s) based upon the owner's or developer's qualified investment within the designated industrial recovery site. Additional information, the definitions, qualifications, and procedures for obtaining the credit may be requested from: The Indiana Department of Commerce, Enterprise Zone Board, One North Capitol, Suite 600, Indianapolis, IN 46204.

Line 37. Other Credits Enter the amount and specify the type of other credit.

For information regarding the definitions, procedures, and qualifications for obtaining the credits mentioned below, contact: Indiana Department of Commerce, One North Capitol, Suite 600, Indianapolis, Indiana, 46204, or call (317) 232-8911; Internet address: www.in.gov/doc

•**Capital Investment Tax Credit**-Effective January 1, 2001, I.C. 6-3.1-13.5 provides that a taxpayer or pass-through entity may be eligible for a credit against financial institution tax based on certain qualified capital investments made in Shelby County. The credit, if certified by the Indiana Department of Commerce, is equal to fourteen (14) percent of the amount of the approved qualified investment and is ratable over a seven (7) year period. Contact: Development Finance Division, (317) 232-5297.

•**Community Revitalization Enhancement District Credit** - A state and local income tax credit is available for a qualified investment for redevelopment or rehabilitation of property within a community revitalization enhancement district. The expenditure must be approved by the Indiana Department of Commerce before it is made. The credit is equal to twenty-five (25) percent of the qualified investment made by the taxpayer during the taxable year.

The taxpayer can assign the credit to a lessee who remains subject to the same requirements. The assignment must be in writing and any consideration may not exceed the value of the part of the credit assigned. Both parties must report the assignment on their state income tax return for the year of assignment.

The Department has the authority to disallow any credit if the taxpayer ceases existing operations or substantially reduces its operations within the district, or elsewhere in Indiana, or reduces other Indiana operations to relocate them into the district.

•**Individual Development Account Tax Credit** - A tax credit is available equal to fifty (50) percent of the contribution, if not less than \$100 and not more than \$50,000, which is made to a community development corporation participating in an Individual Account Development program.

The amount of total credits allowed per fiscal year is limited to \$200,000. Applications for the credit are filed through the community development corporation using Form IDA-10/20.

•**Military Base Recovery Tax Credit** - A state tax credit is available for rehabilitation of real property located in military base facilities designated by the state Enterprise Zone Board. A claimant may also be a lessee of property in a military base recovery site and assigned part of the tax credit based upon the owner's or developer's qualified investment within a military recovery site.

•**Rerefined Lubricated Oil Facility Tax Credit** - A taxpayer or pass-through entity may be eligible, as determined by the Indiana Department of Commerce, for a state tax offset credit against its financial institution, sales and use tax liabilities. The credit is based on a percentage of the real and personal property taxes paid by an entity that processes rerefined lubrication oil as defined in I.C. 6-3.1-22-2. Contact: Development Finance Division, (317) 232-5297.

Line 38. Total Credits: Add the amounts included on lines 32 through 37.

Line 39. Total Tax Due: Subtract the amount on line 38 from the amount on line 31.

Line 40. Total Estimated Tax Paid: Enter the total amount of estimated tax paid for the taxable year. Itemize each quarterly payment in the spaces provided. If the annual financial institution tax liability is less than one thousand dollars (\$1,000), estimated payments are not required to be made.

Line 41. Extension Payment and Prior Year Overpayment: Enter any payment that was made with an extension of time to file request, and any prior year overpayment. This provision is applicable to prior year overpayment of the financial institution tax only. Indiana will accept the federal extension date, plus an additional thirty (30) days. However, an extension of time to file is not an extension of time to pay. You must pay at least ninety (90) percent of the current year liability by the original due date of the franchise tax return.

Line 42. Other Payments: Enter any other payments that are allowable and attach an explanation.

Line 43. Total Payments: Subtract the amount on line 43 from line 39.

Line 45. Penalty for Underpayment: Enter the penalty, if any, for underpayment of estimated tax as calculated on Schedule FIT-2220.

Line 46. Interest: If payment is made after the original due date, interest must be included with the payment. Interest is calculated from the original due date of the return until the date of payment. Contact the Department for the current rate of interest charged. **An extension of time to file does not grant an extension of time to pay any tax due; therefore, interest must be calculated.**

Line 47. Late Penalty: *Enter the computed penalty amount that applies:*

A. If a payment is made after the original due date, a penalty which is the greater of five dollars (\$5) or ten (10) percent of the remaining tax due must be entered. The penalty for late payment or late filing will not be imposed if *all three* of the following conditions are met:

- (1) A valid extension of time to file exists;
- (2) At least ninety (90) percent of the tax was paid by the original due date; and,
- (3) The remaining tax is paid by the extended due date.

B. If the return showing no tax liability (on line 31) is filed late, the penalty for failure to file by the due date will be \$10 for each day that the return is past due, up to a maximum of \$250.

Line 48. Total Due: If a payment is due, enter the total tax due plus any applicable penalty and interest. Make checks payable to the Department for each Form FIT-20 filed. All payments must be made in U.S. funds.

Lines 49, 50 & 51. Total Overpayment: If the taxpayer has an overpayment determined by subtracting the amount on line 39 and line 45 from the amount on line 43, the corporation may elect to have a portion or all of its overpayment credited to next year's estimated tax account. The portion to be refunded should be entered on line 50. The portion to be applied to next year's account should be entered on line 51. The total of line 50 and line 51 must equal the amount on line 49.

If your overpayment is reduced due to an error on the return or an adjustment by the Department, the amount to be refunded will be corrected before any changes are made to the estimated account for next year. A refund may be set-off and applied to other liabilities under I.C. 6-8.1-9-2(a) and 6-8.1-9.5.

Certification of Signatures and Authorization Section

Be sure to sign, date, and print your name on the return. If a paid preparer completed the return, you may authorize the Department to discuss your tax return with the preparer by checking the [yes] Authorization Box above the signature line.

Please mail completed returns with a filled-in 2-D bar code to:

Indiana Department of Revenue,

P.O. Box 7231

Indianapolis, IN 46207-7231.

All other prepared returns must be *mailed to:*

Indiana Department of Revenue,

100 N. Senate Ave., Indianapolis, IN 46204-2253.

Instructions for FIT-20 Schedule E-U Apportionment of Receipts to Indiana

The following information must be completed by all taxpayers including those taxpayers filing combined unitary returns. Investment companies must complete line 12. Credit unions report adjusted gross income for a taxable year based on total transfers to undivided earnings minus dividends for that taxable year after statutory reserves are set aside under I.C. 28-7-1-24.

The Indiana Financial Institutions Tax is imposed on apportioned income. Taxpayers and unitary groups must file using an apportionment percentage, based on a one factor formula. Indiana employs a single factor receipts formula to determine the percentage of the taxpayer's income subject to tax.

The single factor formula is derived by dividing the gross receipts attributable to transacting business in Indiana by total receipts from transacting business in all taxing jurisdictions. This fraction is expressed as a percentage carried to two decimal places (67.63). Total income is then multiplied by this percentage to arrive at Indiana financial institution adjusted gross income.

The Following Types of Receipts are Attributable to Indiana

(1) Receipts from the lease or rental of real or tangible personal property if the property is located in Indiana.

(2) Interest income and other receipts from assets in the nature of loans or installment sales that are primarily secured by or deal with real or tangible personal property, and the property is located in Indiana.

(3) Interest income and other receipts from consumer loans not secured by real or tangible personal property if the loan is made to a resident of Indiana.

(4) Interest income and other receipts from commercial loans not secured by real or tangible personal property must be attributed to Indiana if the proceeds of the loan are to be applied in Indiana. If it cannot be determined where the loan proceeds will be applied, the income and receipts are attributed to the state where the borrower applied for the loan.

(5) Fee income and other receipts from letters of credit, acceptance of drafts, and other devices for guaranteeing loans must be attributed in the same manner as commercial loans are attributed.

(6) Interest income, merchant discounts, and other receipts including service charges from financial institution credit card and travel and entertainment card receivables will be attributed to the state where the card charges are regularly billed.

(7) Receipts from the sale of a tangible or intangible asset must be attributed to the same state where the income from the tangible or intangible asset was attributed.

Receipts attributed to Indiana may include receipts of dividend and interest from stocks, bonds, and other securities issued by an Indiana resident taxpayer. Income from intangible property which is located in Indiana and is controlled from an Indiana business situs may be attributed to Indiana.

(8) Receipts from the performance of fiduciary and other services must be attributed to the state where the benefits of the services are consumed.

(9) Receipts from the issuance of traveler's checks, money orders or United States savings bonds must be attributed to the state where the item was purchased.

(10) Receipts from investments of a financial institution in securities of this state and its political subdivisions, agencies, and instrumentalities must be attributed to Indiana.

(11) Interest income and receipts from a participation loan must be attributed in the same manner as the loan is attributed. A participation loan is a loan in which more than one lender is a creditor to a common borrower.

(12) The aggregate of gross payments collected by an investment company from the business upon investment contracts issued by the company and held by Indiana residents is attributed to Indiana.

(13) Other receipts from non-municipal investment income are to be reported in the denominator of the apportionment factor to the extent they are included as gross income for federal tax purposes. Non-municipal investments mean income from U.S. Treasuries, Federal Agencies (e.g. GNMA, FNMA, Freddie Mac, other loan-backed securities, etc.), and corporate securities. Any non-municipal investment receipts which are for the disposition of assets such as securities and money market transactions are limited to the gain that is recognized upon the disposition in accordance with IC 6-5.5-4-2(1).

Instructions for Filing a Combined Return: Attributing Receipts of a Taxpayer Filing a Combined Return

In calculating adjusted gross income, the taxpayer shall eliminate all income and deductions from transactions between entities that are included in the unitary filing.

A. A taxpayer filing a combined return for a unitary group shall determine the income for a taxable year attributable to Indiana by use of the following formula:

- (1) The aggregate adjusted gross income, from whatever source derived, of the members of the unitary group; multiplied by
- (2) The quotient of:
 - (a) all the receipts of the taxpayer members of the unitary group attributable to transacting business in Indiana; divided by
 - (b) the receipts of all members of the unitary group from transacting business in all taxing jurisdictions.

Identify the members of the unitary group and determine which members are taxpayers under the Indiana Financial Institution Tax Act. To file a combined return under the Act, effective January 1, 2002, all members must be transacting the business of a financial institution in Indiana as defined in the I.C. 6-5.5-1-18.

If the unitary group has receipts not attributable to Indiana, the group will file FIT-20 Schedule E-U to apportion its receipts within and outside of Indiana.

B. Percent of Ownership by Parent(s): In order to qualify as a member of a unitary group more than fifty (50) percent of the voting stock of each member of the group must be directly or indirectly owned by a common owner or common owners, or owned by one or more of the

member corporations of the group, regardless of where such owners are located and/or where such owners conduct business. The unitary group is comprised of **all** members of the group qualifying as unitary affiliates and are conducting the business of a financial institution in Indiana.

C. Regular Financial Institutions: A regulated financial corporation, a holding company, or a subsidiary of a regulated financial corporation or holding company, as defined in I.C. 6-5.5-1-17, is required to file a combined return for all members of the unitary group.

D. Other Corporations: To be a member of the unitary group for purposes of the financial institution franchise tax, and to be a part of this combined filing, the corporation (other than subsidiaries of an entity described in part C above) must derive at least eighty (80) percent of its gross receipts from the extension of credit, leasing that is the economic equivalent of the extension of credit, or charge card operations. If a member does not meet the eighty (80) percent test, then it is not a member and cannot file as a member for purposes of the financial institution franchise tax.

E. Federal Identification Number: Identify each corporate member of the unitary group by listing their federal identification numbers.

F. Federal Business Activity Code: Indicate the applicable federal business activity code for each member of the group.

G. Quarterly Payments of Estimated Tax: Indicate for each member if quarterly estimated payments of the financial institution tax were made by the member under its own federal identification number. If estimates were paid, indicate whether payments were made to a Form IT-6 or Form FT-QP estimated account.

Instructions for Schedule FIT-NRTC - Nonresident Tax Credit

The following schedule is to be used for nonresident taxpayers claiming the nonresident taxpayer credit for taxes paid to their state of commercial domicile and attributable to Indiana.

A taxpayer filing on a unitary basis must compute this credit on an individual taxpayer basis.

The principal amount of the loan must exceed two million dollars (\$2,000,000) to qualify for this credit.

PART I - Identification Section: In this section, identify the borrower, the principal amount of the loan, and the receipts less principal attributed to the loan during the tax year. Attach additional sheets if necessary.

PART II - Calculation Section: In this section you will calculate the amount of eligible credit. The credit is equal to the lesser of the actual taxes paid to the domiciliary state for the loan transaction, or the amount due Indiana for the loan transaction.

Line 1. Enter the total from PART I (Receipts attributable to the loan transaction).

Line 2. Enter the total receipts attributable to the nonresident.

Line 3. Divide the amount on line 1 by the amount on line 2. This is the apportionment percentage used to attribute receipts from qualified loans to the amount of tax due.

Line 4. Enter the amount of Indiana financial institution tax due from a pro forma schedule. Schedule must be attached.

Line 5. Multiply the percentage on line 3 by the amount on line 4. This is the amount of credit available to be applied against the taxpayer's domiciliary state for the qualified loans.

Line 6. Enter the amount of tax paid to the domiciliary state for the qualified loans, less any credit that the domiciliary state grants for taxes paid to other states.

Line 7. Enter the lesser of the amount on line 5 or line 6. Enter this amount on line 28 of the FIT-20.

Attach a copy of your domiciliary state's tax return to Form FIT-20.

Instructions for Schedule FIT-20NOL Net Operating Loss Deduction

The Financial Institution Tax took effect for taxable years beginning after December 31, 1989. There is no provision to allow a carry forward of capital losses or net operating losses incurred under the adjusted gross income tax before 1990. However, an Indiana net operating loss incurred under the Financial Institution Tax Act may be carried forward for fifteen (15) years following the loss year and applied in any year in which there is Indiana taxable income. There is no provision for the carry back of a net operating loss or capital loss incurred under the Financial Institution Tax Act.

Who Should File Schedule FIT-20NOL

All taxpayers must complete and attach this schedule to the Financial Institution Tax Return if they are claiming a net operating loss deduction. The net operating loss that will be recognized for Financial Institution Tax purposes will be the net operating loss apportioned to Indiana for the taxable year of the loss.

Use basic federal Separate Return Limitation Year (SRLY) rules when one or more members of the unitary group in which the taxpayer incurred a loss in the year where they were not part of the unitary group, into a year when they were part of the unitary group as follows:

If the taxpayer is filing a combined return, any net capital loss or net operating loss attributable to Indiana in the combined return shall be prorated between each member of the unitary group by the quotient of:

- (A) the receipts of that taxpayer member attributable to Indiana; divided by:
- (B) the receipts of all members of the unitary group attributable to Indiana.

Line by Line Instructions

Information Boxes: Complete the information boxes with the corporation name and the federal identification number.

Tax Year: Enter the years to which the net operating loss applies across the top of the schedule. The first year that a loss can be carried forward under the act is for taxable years beginning after December 31, 1989. No loss incurred in a taxable year beginning before January 1, 1990 may be carried forward.

Line 1. Enter the adjusted gross income or loss from line 19 of the FIT-20.

Line 2. Enter the apportionment percentage for the tax year.

Line 3. Enter the amount of Indiana business income or loss. Multiply the amount on line 1 by the apportionment percentage on line 2.

Loss Year Carry Forwards Applied Against Adjusted Gross Income:

In the column next to the appropriate loss year, enter the total Indiana loss coinciding with line 3 of this schedule for the corresponding loss year. When utilizing the NOL deduction for a particular loss year, enter the amount of deduction in the same column of the year the loss is being applied against adjusted gross income.

When calculating the adjusted gross income after the NOL deduction, subtract the total deductions taken from the adjusted gross income, and enter the amount on the line titled "Adjusted Gross Income after NOL Deduction". The amount cannot be less than zero.

You are not required to file a separate loss schedule for each year there is a loss. Only file the schedule when the loss is being utilized. You may copy a previous tax year's schedule and include the information that applies for any subsequent taxable years.

Instructions for Form FT-EXT

The extension return, Form FT-EXT, is to be used when a payment is due and additional time is necessary for filing the annual Indiana Financial Institution Tax Return (FIT-20). A penalty for late payment will not be imposed if at least ninety (90) percent of the tax is paid by the original due date and the remaining balance, plus interest, is paid in full by the extended due date.

Instructions for Form FT-ES

Quarterly payments of estimated financial institution tax for calendar year taxpayers are April 20, June 20, September 20 and December 20 of the taxable year. Fiscal year and short tax year filers must remit by the 20th day of the 4th, 6th, 9th and 12th month of their tax period.

Form FT-QP must be used when making these quarterly payments. (Do not use Form IT-6.) Please note the voucher number on the form when making the payment for that quarter. Payments made after the quarterly due date will be reported in the following quarter when paid.

If the annual tax liability is less than one thousand dollars (\$1,000), estimated payments are not required to be made. If the quarterly payment exceeds ten thousand dollars (\$10,000), payments must be made by electronic funds transfer. Contact the EFT Section at (317) 615-2695 for further information.

Use preprinted Form FT-QP estimated payment vouchers mailed to you at the beginning of your tax year. If paying by using the EFT method, the filing of FT-QP forms is not necessary. If you do not have preprinted forms and need coupon vouchers, fill out the appropriate FT-ES voucher for the tax period on the form provided at the end of this booklet. Enter total financial institution tax due for the quarter.

Any penalty and interest paid as a result of a late payment assessment **cannot** be claimed as a credit on the annual return.

Claims for refund are processed on an annual basis only. If errors are discovered on a quarterly filing, these errors should either be adjusted on the next quarterly return or on the annual return. Adjustments of quarterly returns must be made during the taxable year of such quarterly returns and a complete explanation should accompany that return.

Each return must be signed by an authorized officer.

Special Reminders

1. Financial Institutions filing on a fiscal year basis must enter their tax year beginning and ending dates.
2. Net operating loss deductions must be supported by the completed Schedule FIT-20NOL attached to the return.
3. The FIT-2220, Underpayment of Estimated Tax by Financial Institutions, must be completed to reflect the applicable penalty. See form page 4.
4. Questions L through W on the front of the return must be answered

state chartered credit union or an investment company.
5. A copy of the first four (4) pages of the corporation's federal tax return must be attached to the Form FIT-20 when filed if it is not otherwise filed electronically.
6. If an extension of time to file exists, the corporation must prepay at least ninety (90) percent of the tax due by the original due date. Failure to do so will result in a ten (10) percent penalty on the amount paid after the original due date of the return. Interest will be due on any payment made after the original due date.
7. If applicable, check the box indicating you are either a

If you have any questions refer to Commissioner's Directive #14, or contact the Corporate Income Tax Section at (317) 615-2662.
