EMERGENCY DRINKING WATER WELL CONSTRUCTION PERMIT REQUEST

State Form 54188 ((R3 / 7-26)
INDIANA DEPARTMENT OF ENVIRONMENTAL MANAGEMENT

INSTRUCTIONS: See back side.

1. Name of Public Water System *(PWS)*	**2. PWS identification number**
3. Population size served	**4. Telephone number** ( ) —
5. Name, e-mail address and title of PWS official (*i.e. superintendent, utility engineer/manger/owner*)	
6. Address (*number and street, city, state, and ZIP code*)	
7. Name of project	**8. Location of project** (*number and street, city, state, ZIP code, and county*)

9. Certification by Public Water System

"I certify that the plans, specifications, fees and other information required to demonstrate compliance with 327 IAC 8-3 for proposed emergency construction will be submitted within ten (10) days upon completion of construction authorized by the emergency permit. I understand that receiving authorization to proceed under an emergency permit in no way guarantees final compliance with 327 IAC 8-3 and that modification of the facility's construction under the emergency permit could be required to conform to applicable rule requirements. I also affirm that issuance of the emergency permit will constitute notification by the commissioner as described in 327 IAC 8-3-2(h)(4)(A) and that the aforementioned plans, specifications, etc. must be submitted within 120 days of this notification, and that failure to do so may result in revocation of the emergency permit."

(Signature of PWS official certifying the above statement)

10. Certification by Licensed Well Driller/Licensed Geologist/Professional Engineer *("Responsible Person")*

"I certify under the penalty of law that the construction of this project will be performed under my direction or supervision to assure conformance with 327 IAC 8-3. The construction of this proposed project will meet all local rules or laws, regulations and ordinances. The information submitted is, to the best of my knowledge and belief, true, accurate, and complete."

(Signature of responsible person certifying the above statement)

11. Printed name, e-mail address and title of responsible person

12. Telephone number of responsible person ( ) —	**Date signed** (*month, day, year*)
13. Name of company of responsible person	**FOR CENTRAL OFFICE REVIEW ONLY**
14. Address of company of responsible person (*number and street, city, state, and ZIP code)*	_____ Date received by IDEM (*month, day, year)*
15. [*State the type of construction requested and the reason for the emergency. If insufficient information is given, the request may be denied*]. "For an emergency condition, **as a result of a drought, storm, flood, or other natural or manmade disaster**, the Commissioner may issue an emergency construction permit."	_____ Signature of reviewer Date approved _____ (*month, day, year*) Permit number _____ Date denied _____ (*month, day, year*)

INSTRUCTIONS FOR COMPLETING APPLICATION FOR EMERGENCY PERMIT FOR PUBLIC WATER SYSTEM WELL

The following numbers refer to the application on the front page.

1. *Enter the name of the Public Water System.*
2. *Enter the Public Water System Identification Number (PWSID).*
3. *Enter the population size served by the Public Water System.*
4. *Enter the telephone number of the Public Water System, including area code.*
5. *Enter the name, e-mail address and title of the Public Water System official.*
6. *Enter the address of the Public Water System.*
7. *Enter the name of the project.*
8. *Indicate the location of the project, which includes the city and reference to adjacent streets or roads.*
9. *Provide the signature of the Public Water System official, who will be responsible for complying with the statement of certification that construction will be according to 327 IAC 8-3, and that if it is not constructed correctly the Public Water System will be required to correct the problem. This also includes certification that an after-the-fact application will be submitted within 10 days of construction completion and within 120 days of issuance of the emergency permit. Construction expected to take longer than 120 days should be applied for with standard permit application Form 35058.*
10. *Provide the signature of the professional engineer, licensed well driller, or professional geologist licensed in the State of Indiana that will be responsible for complying with the statement of certification that construction will be supervised or directed for compliance with 327 IAC 8-3 by them. This person is henceforth referred to as the "responsible person." For small transient or small non-transient systems not subject to 327 IAC 8-3-2.1, the responsible person may be a professional engineer, licensed well driller, or professional geologist. For all other systems, the responsible person must be a professional engineer.*
11. *Enter the printed name, e-mail address and title of the responsible person.*
12. *Enter the telephone number of the responsible person, including area code.*
13. *Enter the company of the responsible person.*
14. *Enter the address of the company of the responsible person.*
15. *State why you feel this construction is an emergency situation. Be complete in your explanation; insufficient information may lead to a denial of the emergency permit.*

Send completed form via e-mail to dwpermits@idem.in.gov.
Contact the Permits Section via e-mail at dwpermits@idem.in.gov or by telephone at (317) 234-7425 if you have any questions.
