References to the Internal Revenue Code

Public Law (PL) 113-2010(ss), SEC. 54 updates references to the Internal Revenue Code in certain Indiana tax statutes. For tax year 2010, any reference to the Internal Revenue Code and subsequent regulations means the Internal Revenue (IRC) Code of 1986, as amended and in effect on Jan. 1, 2010.

**Phase-in of Single-factor Sales Formula for
Apportionment of Income**

PL 162-2006 SECTIONS 25 and 56 amended IC 6-3-2-2(b), effective Jan. 1, 2007, transitions to a single-factor formula based on sales to apportion business income.

Apportionment Schedule E is revised to apply the reduced factor values.

For the 2010 factor apportionment, the numerator is the sum of the property factor plus the payroll factor plus the product of the sales factor multiplied by 18; the denominator is 20.

New Credit for Employers

A new credit is available for corporations and pass-through entities that employ new workers. The credit is allowed if the business employs at least 10 new qualified employees and, after Dec. 31, 2009, the business:

- Relocates or locates its operations in Indiana;
- Incorporates in Indiana; or
- Expands its operations in Indiana.

For more information, see Income Tax Information Bulletin #106 at www.in.gov/dor/3650.htm

New Credit for Scholarship Contributions

For taxable years beginning after Dec. 31, 2009, a deduction for contributions to scholarship-granting organizations will be available. The contribution must be for use by the scholarship-granting organization in a school scholarship program. The credit will be equal to 50% of the contribution made.

Elimination of EDGE Requirement

Effective Jan. 1, 2010 (retroactive), a business is no longer required to have at least 35 employees to qualify for an EDGE credit for job retention.

If you are filing federal Form 990 or 990T, enclose a copy of the federal return(s) with Form IT-20NP.

Who Must File Form IT-20NP

All nonprofit organizations must file Form IT-20NP to report any unrelated business income over \$1,000 during the tax year. For further information concerning filing requirements and how to obtain status as a nonprofit organization, request Income Tax Information Bulletin #17 from Tax Administration by calling (317) 233-4015 or going to www.in.gov/dor/3650.htm

Nonprofit Corporations (Domestic and Foreign)

A corporation can be formed for profit or nonprofit purposes. A nonprofit organization is an association whose purpose is to engage in activities that do not provide financial profit to the benefit of its members. Such corporations must obtain nonprofit or tax exempt status from the IRS and Indiana Department of Revenue to be free from certain tax burdens.

Formation of Nonprofit Corporation

Nonprofit entities can be organized formally or informally. Forming a corporation creates a specific legal entity. A nonprofit organization incorporated in this state (a domestic corporation) must have on file Articles of Incorporation 4162 with the Corporations Division of the Indiana Secretary of State. An organization incorporated in another state or foreign government must have on file an Application for Certificate of Authority 37035 with the Secretary of State. This allows a foreign (outside Indiana) corporation to do business in Indiana.

Application for Nonprofit Status and Registration

Contact the Internal Revenue Service for federal requirements to obtain nonprofit (commonly known as 501(c)(3)) status. The IRS publishes an information booklet titled "Tax Exempt Status for Your Organization," Publication 557. Contact:

Internal Revenue Service: (800) 829-1040
Publications: (800) 829-3676

After nonprofit status is granted, file the **Indiana Nonprofit Organization's Annual Report NP-20** to maintain state recognition of your sales tax exemption. If the organization has unrelated business income over \$1,000 during the tax year, it must also file Form IT-20NP with the Department. For more about nonprofit filing requirements, go to www.in.gov/dor/3650.htm and obtain income tax Information Bulletin #17.

*The Annual Report and income tax return are due on the fifteenth day of the **fifth month** following the close of the organization's tax year.*

Forms for Specific Nonprofit Organizations

Nonprofit Organization	State Return(s) to File
Filing federal Form 990 or 990T, file	Form IT-20NP and Form NP-20
If a utility service provider, also file	Form URT-1

A nonprofit organization or corporation must file Form IT-20NP and/or Form NP-20, Nonprofit Organization's Annual Report.

The Department recognizes the exempt status determined by the IRS. A nonprofit organization registered as a nonprofit is subject to the adjusted gross income tax, unless the income is specifically exempt from taxation under the provisions of the Adjusted Gross Income Tax Act (IC 6-3-2-2.8 and 6-3-2-3.1). The nonprofit organization is subject to both federal and state tax on income derived from an unrelated trade or business as defined in IRC section 513.

Utility Service Provider: Are you in the business as a utility service? If so, you may also be subject to the utility receipts tax (URT) on those gross receipts. Gross receipts are defined as the value received for the retail sale of utility services.

You owe this tax if you furnish any electrical energy, natural gas, water, steam, sewage, or telecommunications services. The URT is due on the retail sale of these services in Indiana. The URT rate of tax is 1.4 percent. Refer to Commissioner's Directive #18 at www.in.gov/dor/3617.htm for more information. Entities subject to this tax must also file Form URT-1.

*The tax return on unrelated business income (Form IT-20NP) and annual report (Form NP-20) are due on the fifteenth day of the **fifth month** following the close of the organization's tax year. The URT-1 tax return is due on the fifteenth day of the **fourth month** following the close of the organization's tax year.*

Homeowner's Association (IRC section 831)	State Return(s) to File
Filing Form 1120-H, file	Form IT-20

A condominium management, residential real estate management, or timeshare association is subject to tax as a corporation if it elects to be treated as a homeowner's association. These are not considered nonprofit organizations for Indiana tax purposes. Therefore, they must file as for-profit corporations using Form IT-20.

*The state tax return is due on the fifteenth day of the **fourth month** following the close of the entity's tax year.*

Political Organization (IRC section 527)	State Return(s) to File
Filing federal Form 1120-POL, file	Form IT-20

Political organizations filing federal Form 1120POL or 1120H are not considered nonprofit organizations. They must file as regular corporations on Form IT-20.

*The state tax return is due on the fifteenth day of the **fourth month** following the close of the organization's tax year.*

Religious or Apostolic Organization (exempt under section 501(d))	State Return(s) to File
Filing federal Form 1065, file	Form IT-65

Religious or apostolic organizations filing federal Form 1065 must also file state Form IT-65.

*The state partnership return is due on the fifteenth day of the **fourth month** following the close of the organization's tax year.*

Other Related Income Tax Filing Requirements of a Nonprofit Organization

Utility Receipts Tax Form URT-1

IC 6-2.3-2-1 imposes a utility receipts tax of 1.4 percent on the gross receipts from the retail sale of utility services. The utility services subject to tax include electrical energy, natural gas, water, steam, sewage, and telecommunications.

Gross receipts are defined as the value received for the retail sale of utility services.

If you have more than \$1,000 in gross receipts from the sale of utility services, you might be required to file Form URT-1 (Utility Receipts Tax Return) in addition to the annual Form IT-20 and 20NP. Refer to Commissioner's Directive #18 at www.in.gov/dor/3617.htm for further information.

*The URT-1 return is due on the fifteenth day of the **fourth month** following the close of the taxpayer's tax year.*

Utility Services Use Tax Form USU-103

Your organization might be subject to an excise tax of 1.4 percent on the consumption of utility services if you purchase utility services from outside Indiana and become the end user in Indiana. Utility services use tax (USUT) is due if the utility receipts tax is not payable by the seller. The person who consumes the utility service in Indiana is liable for the USUT tax based on the price of the purchase. Unless the seller of the utility service is registered with the Department to collect the USUT on your behalf, you must pay the tax on Form USU-103. For more information refer to Commissioner's Directive #32, available at www.in.gov/dor/3617.htm

*The USU-103 return is due monthly by the **thirtieth day** following the end of each month.*

Accounting Methods and Taxable Year

The Department requires the use of the method of accounting that is used for federal income tax purposes. The taxable year for the unrelated business income tax must be the same as the accounting period adopted for federal adjusted gross income tax purposes. If the apportionment provisions do not fairly reflect the organization's Indiana income, the taxpayer must petition the Department for permission to use an alternative method.

Due Date for Filing Form IT-20NP

The Form IT-20NP return is due on or before the *fifteenth* day of the **fifth month** following the close of the tax year.

When an organization does not file a federal return pursuant to the Internal Revenue Code, its tax year shall be the calendar year unless permission is otherwise granted.

Exempt Organization

The unrelated business income of an exempt organization is subject to the adjusted gross income tax and must be reported on Form IT-20NP. If any part of the gross income received by such organization is used for the private benefit or gain of any member, trustee, shareholder, employee, or associate, the organization will not be granted an exemption. The term "private benefit or gain" does not include reasonable compensation paid to employees for work or services actually performed.

To preserve the exemption, a specific group or organization cannot be organized or maintained for private gain or profit.

Charity Gaming Activities

If your organization conducts bingo games, raffles, charity game nights, or other games of chance, you need to know the licensing, reporting, and withholding rules. Legal charity gaming is limited to bingo; raffles; door prizes; charity gaming nights; a festival event; and the sale of pull tabs, punchboards, and tip boards. Each of these activities requires notification and/or licensing.

All nonprofit organizations planning to conduct charity gaming activities must register with the Indiana Gaming Commission by filing Form CG-QA, Charity Gaming Qualification Application. Activities such as auctions, midway-style games, and games of skill are not regulated by the charity gaming law.

Extensions for Filing Return

The Department accepts the federal extension of time application (Form 7004) or the federal electronic extension. If you have an extension, you do not need to contact the Department prior to filing the annual return. Returns postmarked within 30 days after the last date indicated on the federal extension are considered timely filed. When an organization does not need a federal extension of time but needs one for filing the state return, a letter requesting such an extension should be submitted to the Department prior to the due date of the annual return.

To request an Indiana extension of time to file, contact the **Indiana Department of Revenue, Data Control Business Tax, Returns Processing Center, 100 N. Senate Ave., Indianapolis, IN 46204-2253.**

An extension of time granted under IC 6-8.1-6-1 waives the late payment penalty for the extension period on the balance of tax due provided 90 percent of the current year's total tax liability is paid on or prior to the original due date. Form IT-6 should be used to make an extension payment for your taxable year. This payment will be processed as a "fifth" estimated payment. (See Income Tax Bulletin #15 at www.in.gov/dor/3650.htm for more details.) Any tax paid after the original due date must include interest.

Interest on the balance of tax due must be included with the return when it is filed. Interest is computed from the original due date until the date of payment. In November of each year, the Department establishes the interest rate for the next calendar year. See Departmental Notice #3 at www.in.gov/dor/3618.htm for interest rates.

If you have a valid extension of time or a federal electronic extension to file, you must **check box L1** on the front of the return. If applicable, enclose a copy of the federal extension of time with the return when filing your state return.

Amended Returns

To amend a previously filed Form IT-20NP, a corrected copy of the original form must be filed. Check box A1 at the top of the form if you are filing an amended return. To claim a refund of an overpayment, the return must be filed within three years from the latter of the date of overpayment or the due date of the return.

IC 6-8.1-9-1 entitles a taxpayer to claim a refund because of a reduction in tax liability resulting from a federal modification. The claim for refund should be filed within six months from the date of modification by the Internal Revenue Service. If an agreement to extend the statute of limitations for an assessment is entered into between the taxpayer and the Department, the period for filing a claim for refund is likewise extended.

Estimated Quarterly Tax Payments

A nonprofit organization whose adjusted gross income tax liability on unrelated business income exceeds \$2,500 for a taxable year must file quarterly estimated tax payments.

If the organization's estimated payments exceed the tax liability, credit should be claimed on the annual return, Form IT-20-NP, to request a refund or carry over the excess amount to the next year's estimated tax account. If an estimated account needs to be established, obtain Form E-6 to remit the initial payment and to request preprinted quarterly estimated IT-6 returns.

The quarterly estimated tax payments are submitted with an appropriate Indiana voucher, Form IT-6, or by electronic funds transfer (EFT), depending on the amount of the payment due. The quarterly due dates for estimated income tax payments for calendar year organizations are April 20, June 20, Sept. 20, and Dec. 20, 2011. Fiscal year and short tax year filers must remit by the twentieth day of the fourth, sixth, ninth, and twelfth months of their tax period.

Claim credit for your estimated and extension payments on lines 16 and 17 of Form IT-20NP. Taxpayers should note that refunds reflected on the annual corporate income tax return may be applied to the next taxable year's estimated liability by entering the amount to be credited on line 28 of the IT-20NP return. An overpayment of estimated payments must be claimed on the annual return to obtain a refund. After a check is remitted for the remainder of a year's estimated income tax liability, no further estimated returns should be filed with the Department after the date of payment. All checks remitted to the Department should be accompanied by a return or a complete explanation for the payment. A zero liability for a quarter does not require Form IT-6 to be filed.

The quarterly estimated payment must be equal to the lesser of 25 percent of the adjusted gross income tax liability for the taxable year or the annualized income installment calculated in the manner provided by IRC Section 6655(e) as applied to the corporation's liability for adjusted gross income tax.

Also if a taxpayer's estimated liability exceeds \$5,000 per quarter, the taxpayer is required to remit the tax by electronic funds transfer (EFT). If the estimated payment is made by EFT, the taxpayer is not required to file Form IT-6. Questions relating to EFT payments should be directed to (317) 232-5500.

If you need to establish an estimated account, contact the Department to remit the initial payment and to request preprinted quarterly estimated IT-6 returns. For further instructions, refer to Information Bulletin #11 at www.in.gov/dor/3650.htm

Penalty for Underpayment of Estimated Taxes

Organizations estimating their income taxes are subject to a 10 percent underpayment penalty if they fail to timely file estimated tax payments or fail to remit a sufficient amount. To avoid the penalty, the required quarterly estimated payments must be at least 20 percent of the total income tax liability for the current taxable year or 25 percent of the organization's final income tax liability for the previous tax year. The penalty for the underpayment of estimated tax is assessed on the difference between the actual amount paid by the organization for each quarter and 25 percent of its final income tax liability for the current tax year. Refer to the instructions for Schedule IT-2220, Penalty for the Underpayment of Corporate Income Taxes, which is available from the Department upon request.

Use Schedule IT-2220 to show an exception to the penalty if the nonprofit organization underpaid its income tax for any quarter. If an exception to the penalty is not met, payment of the computed penalty must be included with the return. The required estimate should exceed the annualized income installment calculated in the manner provided by IRC Section 6655(e) as applied to the corporation's liability or 25 percent of the final tax liability for the prior taxable year. If either one of these conditions is met, no penalty will be assessed for the estimated period.

Electronic Funds Transfer Requirements

A nonprofit organization's quarterly estimated tax must be remitted by EFT if the amount of tax on unrelated business

income of the organization exceeds an average liability of \$5,000 per quarter (or \$20,000 annually). Because there is no minimum amount of payment, the Department encourages all taxpayers not required to remit by EFT to participate voluntarily in our EFT program.

Note: Taxpayers remitting by EFT should not file quarterly IT-6 coupons. The amounts are reconciled when filing the annual income tax return.

If the Indiana Department of Revenue notifies an organization of its requirement to remit by EFT, the organization must:

1. Complete and submit the EFT Authorization Agreement (Form EFT-1); and
2. Begin remitting tax payments via EFT by the date/tax period specified by the Department.

Failure to comply will result in a 10 percent penalty on each quarterly estimated income tax liability not sent by EFT. **Note:** The Indiana Code does not require the extension of time to file payment or final payment due with the annual return to be paid by EFT. You must be certain to claim any EFT payment as an extension or estimated payment credit. Do not file a return indicating an amount due if you have paid, or will pay, any remaining balance by EFT.

If you determine you meet the requirements to remit by EFT, contact the Department's EFT Section, by calling (317) 232-5500.

How to Report Charity Gaming Receipts

Exempt nonprofit organizations do not pay income taxes on the proceeds from licensed charity gaming events. For further information, contact the Indiana Gaming Commission, 101 W. Washington Street, East Tower, Suite 1600, Indianapolis, IN 46204, and online at www.in.gov/igc/ All nonprofit organizations must report unrelated business income. The corporate adjusted gross income tax is computed on the nonprofit organization unrelated business income return.

Report of Unrelated Business Income

All organizations exempt under IC 6-2.5-5-21 described in Internal Revenue Code (IRC) 501(c) and IRC 401(a), including churches, religious organizations, hospitals, social organizations, business leagues, pension trusts, and all other institutions, that are

subject to the tax imposed by IRC 511 are also subject to Indiana adjusted gross income tax on their unrelated business income.

IC 6-3-2-3.1 provides that only the unrelated business income (as defined in IRC 513) of an organization otherwise exempt from adjusted gross income tax under IC 6-3-2-2.8(1) is subject to adjusted gross income tax. (This section does not apply to the United States, its agencies or instrumentalities, or to the State of Indiana, its agencies or political subdivisions.)

Pension trusts that would be taxed as a trust were it not for the exemption under IRC Section 501(a) will be taxed as a trust on any unrelated business income (as defined in IRC Section 513) and should file a Form IT-41 for Indiana tax purposes. Income from bingo events; raffles; door prizes; charity game nights; festival events; and the sale of pull tabs, punchboards, and tip boards are considered unrelated business income unless the organization uses completely volunteer labor and is properly registered with the Indiana Gaming Commission to conduct such activities.

The organization may have income from the sources enumerated on IT-20NP schedules that is not subject to tax as unrelated business income. To be subject to tax, the income must be from a trade or business activity regularly carried on by the nonprofit organization that is not substantially related to its exempt purpose. Indiana follows the Internal Revenue Service's rulings regarding types of income substantially related to or not related to an organization's exempt purpose. Refer to Internal Revenue Service Publication 598.

Exclusions from Unrelated Business Income

Exceptions that do not constitute income from an "unrelated trade or business" include

- (1) Any trade or business in which substantially all the work is performed for the organization without compensation;
- (2) Any trade or business carried on by a charitable organization or by a state college or university primarily for the convenience of its members, students, patients, officers, or employees;
- (3) Any trade or business consisting of selling merchandise, substantially all of which has been received by the organization as gifts or contributions;
- (4) The furnishing by a qualified hospital at or near cost of certain common services, including purchasing, billing and collection, and record keeping, to small hospitals, i.e. serving fewer than 100 in-patients;
- (5) Qualified public entertainment activities of certain types of exempt organizations when a qualifying organization regularly conducts as one of its substantial exempt purposes an agriculture and educational fair or exposition;
- (6) Qualified convention and trade show activities of a qualifying organization that regularly conducts, as one of its substantial exempt purposes, a show that stimulates interest in, and demand for, the products of a particular industry or segment of an industry;
- (7) Certain charity gaming events as long as the organization is properly licensed;

- (8) Certain pole rentals, by a mutual or cooperative telephone or electric company;
- (9) Certain distributions of low-cost articles, incidental to the solicitation of charitable contributions, and the exchange or rental of mailing lists by charitable organizations; and
- (10) Sponsorship payments for which the payer receives no substantial return benefit other than the use or acknowledgement of the name, logo, or product lines of the payer's trade or business in connection with the organization's activities.

Adjusted Gross Income Tax Computation for Unrelated Business Income

Under the Adjusted Gross Income Tax Act, the Department recognizes the method of accounting used for federal income tax purposes.

If income is received from activity outside Indiana that is subject to tax in another state, the three-factor apportionment formula must be used. Enclose the completed IT-20 Apportionment of Income Schedule E with the return.

Note: Please round all entries to the nearest whole dollar amount. Also, please do not use a comma in dollar amounts of four digits or more. For example, instead of entering "3,455" you should enter "3455."

Line 1. Enter unrelated business taxable income (before net operating loss deduction and specific deductions) from federal Form 990T, Exempt Organization Business Income Tax Return.

Line 2. In computing unrelated business taxable income, a specific deduction of \$1,000 is allowed. However, the \$1,000 specific deduction is not allowed in computing a net operating loss deduction. Generally, the deduction is limited to \$1,000 regardless of the number of unrelated businesses in which the organization is engaged. An exception is provided in the case of a diocese, a province of a religious order, or a convention or an association of churches that may claim a specific deduction for each parish, individual church, district, or other local unit, to the extent these unrelated businesses are not separate legal entities. In these cases, the specific deduction is limited to the lower of \$1,000 or the gross income derived from an unrelated trade or business regularly carried on by the local unit.

Line 3. Enter interest, after deducting all related expenses, on United States government obligations included on the federal income tax return, Form 990T. Refer to Income Tax Information Bulletin #19 at www.in.gov/dor/3650.htm for a listing of eligible items.

Line 4. Enter the amount of income from qualified utility and plant patents. Enclose Schedule IN=PAT with your return.

Line 7. Enter all other adjustments and modifications to unrelated business income:

- **Charitable Contributions** – Enter an amount equal to any IRC 170 deduction deducted on the federal return.
- **State Income Taxes** – Enter all income taxes (based on or measured by income levied at the state level) deducted on the federal return.
- **Bonus Depreciation** – Add or subtract an amount to bonus depreciation in excess of any regular depreciation that would be allowed had not an election under IRC Section 168(k) been made as applied to property in the year that it was placed into service. Taxpayers that own property for which additional first year special depreciation for qualified property, including 50 percent bonus depreciation, was allowed in the current taxable year or in an earlier taxable year must add or subtract an amount necessary to make their adjusted gross income equal to the amount computed without applying any bonus depreciation. The subsequent depreciation allowance is to be calculated on the state's stepped-up basis until the property is disposed. Commissioner's Directive #19 (www.in.gov/dor/3617.htm) explains this initial required modification on the allowance of depreciation for state tax purposes.

Add or subtract the amount necessary to make the adjusted gross income of the organization that placed any IRC Section 179 property in service in the current taxable year or in an earlier taxable year equal to the amount of adjusted gross income that would have been computed had an election not been made for the year in which the property was placed in service to take deductions (as defined in IRC Section 179) in a total amount exceeding \$25,000.

The depreciation allowances in the year of purchase and in later years must be adjusted to reflect the additional first-year depreciation deduction, including the special depreciation allowance for 50 percent bonus depreciation property, until the property is sold.

Indiana adopted the former expensing limit provided by The Jobs Creation and Workers Assistance Act of 2002 and has since specified an expensing cap of \$25,000. The additional depreciation may be excluded in subsequent years from the amounts to be added back on line 7 when excess IRC Section 179 deduction or bonus depreciation was elected.

- **Domestic Product Deduction** – Enter an amount equal to the amount claimed as a deduction for qualified domestic production activities under IRC Section 199 for federal income tax purposes.
- **Deduction for Lottery Prize Money** – A portion of prize money received from the purchase of a winning Indiana lottery game or ticket included in federal taxable income should be excluded. Beginning after June 30, 2002, the

proceeds of up to \$1,200 are deductible from each winning lottery game or ticket paid through the Hoosier State Lottery Commission.

- **Deduction for Deferral of Business Indebtedness Discharge and Reacquisition** – Enter an amount equal to the amount claimed as a deduction for the discharge of debt on a qualified principal residence and for the deferral of income arising from business indebtedness discharged in connection with the reacquisition after Dec. 31, 2008 and before Jan. 1, 2011, of an applicable debt instrument (as provided in Section 108(i) of the IRC), for federal income tax purposes.

Note: If the net amount determined for line 7 is a negative figure, because of a higher depreciation basis in subsequent years, use a minus sign to denote the negative amount. If the unrelated business income is a loss, this adjustment, when added back, increases a loss.

Enclose a statement with the return to explain any adjustment claimed on line 7.

Line 9. If apportioning income, enter the Indiana percentage (rounded to two decimal places) from line 4(c) of IT-20 Schedule E, Apportionment of Adjusted Gross Income.

Do not enter 100 percent. Enclose completed return page 3. See instructions on page 16 for this schedule.

Line 11. Enter as a positive figure the full amount of your available Indiana net operating loss carryover deduction as calculated on revised Schedule IT-20NOL. This form is available in the current year Indiana Corporate Income Tax Booklet.

Enter the total computed adjusted gross income tax based on your Indiana taxable unrelated business income reported on line 12.

Summary of Calculations

Line 14. Sales/Use Tax: IC 6-2.5-3-2 imposes a use tax at the rate of 6 percent on the use, storage, and consumption of tangible personal property in Indiana when sales tax was not paid at the point of purchase and no exemption from tax exists. Nonprofit organizations qualify for exemption from use tax under the following conditions: (1) The nonprofit organization is exempt from the gross retail sales tax under IC 6-2.5-5-22 through 26; (2) The property or service is used to further its nonprofit purpose; or (3) The organization is not operated predominantly for social purposes.

Purchases of tangible personal property to be used by organizations operated predominately for social purposes are subject to use tax. If more than 50 percent of the expenditures are for or related to social activities such as food and beverage services, golf courses, swimming pools, dances, parties, and other similar social activities, the organization is considered to be predominately operated for social purposes. In no instance will purchases for the private benefit of any member of the organization or any other individual, such as meals or lodging, be eligible for exemption.

If you are a registered merchant for Indiana, you must report nonexempt purchases on Form ST-103, Indiana Sales/Use Tax Return. If you are not required to file Form ST-103, or have failed to properly include all taxable purchases on the ST-103 return, complete the Sales/Use Tax Worksheet on page 2 of the return and report the tax due on this line. Caution: Do not report the totals from the ST-103 on this worksheet or on Form IT-20NP. You can get additional information regarding sales/use tax for nonprofit organizations by requesting Sales Tax Information Bulletin #10 at www.in.gov/dor/3650.htm or by calling (317) 233-4015.

Line 15. Enter the total use tax and unrelated business income tax from lines 13 and 14.

Credits and Payment Computation

Line 16. Enter the total amount of estimated quarterly income tax payments made for the calendar year 2010 or for a fiscal tax year beginning in 2010 and ending in 2010. Itemize each payment in the spaces provided.

Line 17. Enter the total amount paid with valid extension.

Line 18. Enter the amount of prior-year overpayment credit.

Line 19. Claim other allowable tax liability credit by entering the name, credit ID code number, and amount. The total of nonrefundable tax liability credit is limited to the amount of income tax on line 13, unless otherwise noted. If your claim exceeds the amount of your tax liability, you must adjust by recalculating the credit to the amount you may apply. See the listing of Other Tax Liability Credits beginning on page 18. Refer to Income Tax Information Bulletin #59 at www.in.gov/dor/3650.htm for more information about Indiana tax credits available to taxpayers.

Also, this line may include a refundable Economic Development for a Growing Economy (EDGE) job retention credit. EDGE credit information is listed on page 19. **Note:** Effective Jan. 1, 2010 (retroactive), a business is no longer required to have at least 35 employees to qualify for an EDGE credit for job retention.

A detailed explanation or supporting schedule must be enclosed with the return for any credits claimed on line 19. If you have state credit for withholding on Form WH-18, claim Indiana credit by enclosing copy C with the return and using credit ID code 841 on this line.

Line 20. Add the total credits, but certain credits may not exceed the amount of tax liability on lines 13 and 14.

Line 21. Balance of net taxes due. If line 15 is greater than line 20, enter the difference.

Line 22. Enter the amount of calculated penalty for the underpayment of income taxes from Schedule IT-2220. Enclose a completed Schedule IT-2220, which is available from the Department upon request. Corporations required to make quarterly estimated payments are permitted to use the annualized income installment method calculated in the manner provided by IRC Section 6655(e) as applied to the corporation's adjusted gross income tax liability. If using this method, please check the box on this line and enclose a copy of your calculations when filing your tax return. The Department will review each request on a case-by-case basis.

Note: If a taxpayer's annual liability exceeds \$2,500, filing quarterly estimated payments to remit 25 percent of the estimated annual tax liability is required.

Line 23. Enter any interest due. Contact the Department for the current rate of interest charged by calling (317) 233-4015, or visit our Web site at www.in.gov/dor/3618.htm and get Departmental Notice #3.

Line 24. Enter the penalty amount that applies:

- A. If the return with payment is made after the original due date, a penalty that is the greater of \$5 or 10 percent of the balance of tax due on line 21 must be entered. The penalty for paying late is not imposed if all three of the following conditions are met:
- (1) A valid extension of time to file exists;
 - (2) At least 90 percent of the tax liability was paid by the original due date; and
 - (3) The remaining tax is paid by the extended due date.
- B. If the return showing no tax liability, line 15, is filed late, a penalty for failure to file by the due date will be \$10 per day that the return is past due, up to a maximum of \$250.

Line 25. Total amount owed. Add lines 21 through 24. Make a separate payment for each return filed. Payments to the Department must be made with U.S. funds.

Line 26. Overpayment - Enter the sum of line 20 minus lines 15, 22, 23, and 24.

Line 27. Enter the portion of the overpayment to be refunded.

Line 28. If electing to credit all or a portion of the overpayment to the following year's estimated adjusted gross income tax account, enter the amount of the overpayment to be applied.

The sum of lines 27 and 28 must equal the amount of the total overpayment on line 26. If the overpayment is reduced due to an error on the return or an adjustment by the Department, the amount to be refunded, line 27, will be corrected before any changes are made to the amount on line 28. Any refund due may be applied to other liabilities under IC 6-8.1-9-2(a) and IC 6-8.1-9-5.

Instructions for Indiana Apportionment of Adjusted Gross Income

Use of Apportionment Schedule E: If an organization has unrelated business (adjusted gross) income from both within and outside Indiana, the organization must apportion its income by means of the three-factor apportionment formula under IC 6-3-2-2.

The apportionment factor to be applied to a corporation's business income to determine the amount taxable by Indiana is based on a three-factor formula of property, payroll, and sales. For taxable years beginning after Dec. 31, 2006 and before Jan. 1, 2008, the numerator of the fraction is the sum of the property factor, plus the payroll factor, plus the product of the sales factor multiplied by 3, and the denominator of the fraction is 5. For taxable years beginning after Dec. 31, 2007, and before Jan. 1, 2009, the numerator of the fraction is the sum of the property factor, the payroll factor, and the product of the sales factor multiplied by 4.67, and the denominator of the fraction is 6.67. For taxable years beginning after Dec. 31, 2008, and before Jan. 1, 2010, the numerator of the fraction is the sum of the property factor, the payroll factor, and the product of the sales factor multiplied by 8, and the denominator of the fraction is 10.

For taxable years beginning after Dec. 31, 2009, and before Jan. 1, 2011, the numerator of the fraction is the property factor, the payroll factor, and the product of the sales factor multiplied by 18, and the denominator of the fraction is 20.

For all taxable years beginning after Dec. 31, 2010, Indiana's apportioned income will be determined by using only the sales factor.

The Department will not accept returns filed for adjusted gross income tax purposes using the separate accounting method. IT-20 Schedule E (or Schedule E-7 for interstate transportation companies) must be used unless written permission is granted from the Department. The term "everywhere" does not include property, payroll, or sales of a foreign corporation in a place outside the United States.

Note: Domestic insurance companies must be a single factor for adjusted gross income and should consult Form IT-20 instruction booklet for details concerning apportionment of income.

Part I - Indiana Apportionment of Adjusted Gross Income

1. Property Factor: The property factor is a fraction. The numerator is the average value during the tax year of real and tangible personal property used within Indiana (plus the value of rented property), and the denominator is the average value during the tax year of such property everywhere.

The average value of property shall be determined by averaging the values of the beginning and the end of the tax period. If the values have fluctuated, you might need to average the monthly values to reflect the average value of the property for the tax period. If, in the calculation of the property factor, the average values of properties are composed of a combination of values, enclose a schedule showing how these average values were calculated.

For example, the use of original cost for owned properties plus the value of rental or leased facilities based on a capitalization of rents paid, which cannot be checked against the balance sheet or the profit and loss statement, must be supported. Property owned by the taxpayer is valued at its original cost. Property rented by the taxpayer is valued at eight times the net annual rental rate.

Total Property Values for 2010

Complete the appropriate lines for both within Indiana and everywhere. Add lines (a) through (e) in columns A and B. Divide the sum on line 1A by the sum on line 1B. Multiply by 100 and enter the percent on line 1C. Round the percentage to the nearest second decimal place (e.g., 16.02%).

2. Payroll Factor: The payroll factor is a fraction. The numerator is the total wages, salaries, and other compensation paid to employees in Indiana, and the denominator is the total of such compensation for services rendered for the business everywhere. Normally, the Indiana payroll matches the unemployment compensation reports filed with Indiana as determined under the Model Unemployment Compensation Act. Compensation is paid in Indiana if:

- (a) The individual performed the service entirely within Indiana;
- (b) The individual performed the service both within and outside Indiana, but the service performed outside Indiana is incidental to the individual's service within Indiana; or
- (c) Some of the service is performed in Indiana and
 - (1) the base of operations, or if there is no base of operations, the place where the service is directed or controlled, is in Indiana; or
 - (2) the base of operations or the place where the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in Indiana.

Payments to independent contractors and others not classified as employees are not included in the factor. The portion of an employee's salary directly contributed to an IRC Section 401K plan should be included in the factor; however, the employer's matching contribution should not be included.

2410000000

Total Payroll Value for 2010

Enter payroll values on lines 2A and 2B. Divide the total on line 2A by the total on line 2B. Multiply by 100 and enter the percent on line 2C. Round the percentage to the nearest second decimal place.

3. Sales/Receipts Factor: The sales factor is a fraction. For 2010, the value of the receipts factor is to be multiplied by 18 in the apportionment of income formula. The numerator is the total receipts of the taxpayer in Indiana during the tax year. The denominator is the total receipts of the taxpayer everywhere during the tax year.

The numerator of the receipts factor must include all sales made in Indiana, sales made from Indiana to the U.S. government, and sales made from Indiana to a state not having jurisdiction to tax the activities of the seller. Destination sales to locations outside Indiana by an Indiana seller that has activities in the state of destination, other than mere solicitation, are not included in the numerator of the sales factor regardless of whether the destination state levies a tax. The numerator contains intangible income attributed to Indiana, including interest from consumer and commercial loans, installment sales contracts, and credit and debit cards as prescribed under IC 6-3-2-2.2.

Total receipts include gross sales of real and tangible personal property less returns and allowances. Sales of tangible personal property are in Indiana if the property is delivered or shipped to a purchaser within Indiana regardless of the f.o.b. point or other conditions of sale, or the property is shipped from an office, a store, a warehouse, a factory, or another place of storage in Indiana, and the taxpayer is not subject to tax in the state of the purchaser.

Sales or receipts not specifically assigned above shall be assigned as follows:

- (1) Gross receipts from the sale, rental, or lease of real property are in Indiana if the real property is located in Indiana;
- (2) Gross receipts from the rental, lease, or licensing of the use of tangible personal property are in Indiana if the property is in Indiana. If property was both within and outside Indiana during the tax year, the gross receipts are considered in Indiana to the extent the property was used in Indiana;
- (3) Gross receipts from intangible personal property are in Indiana if the taxpayer has economic presence in Indiana and such property has not acquired business sites elsewhere.

Interest income and other receipts from loans or installment sales contracts that are primarily secured by or deal with real or tangible personal property are attributed to Indiana if the security or sale property is located in Indiana; consumer loans not secured by real or tangible personal property are attributed to Indiana if the loan is made to an Indiana resident; and commercial

loans and installment obligations not secured by real or tangible personal property are attributed to Indiana if the proceeds of the loan are applied in Indiana.

Interest income, merchant discounts, travel and entertainment credit card receivables, and credit card holder's fees are attributed to the state where the card charges and fees are regularly billed.

Receipts from the performance of fiduciary and other services are attributed to the state where the benefits of the services are consumed. Receipts from the issuance of traveler's checks, money orders, or United States savings bonds are attributed to the state where those items are purchased.

Receipts in the form of dividends from investments are attributed to Indiana if the taxpayer's commercial domicile is in Indiana; and

- (4) Gross receipts from the performance of services are in Indiana if the services are performed in Indiana. 4. Summary: Apportionment of Income for Indiana for Tax Years Beginning in 2010
